The Home Screen

The Home screen is your starting point to access all of the features on your phone using simple key presses.

Status Bar

The Status Bar appears at the top of every screen. It displays icons indicating that you have received notifications (on the left) and icons indicating the phone's status (on the right), along with the current time. Please refer to your User Manual for a complete list of Status Bar icons and their meanings.

Notifications

Notification icons report the arrival of new messages, calendar events, alarms, as well as ongoing events, such as when you're on a call. When you receive a notification, the notification icon will be displayed in the Status Bar. You can open the Notifications view to see a list of all of your recent notifications. Depending on your settings, you may hear a notification sound, see a notification light, and/or the phone may vibrate.

To open the Notifications view, from the Home screen press the **Down Navigation Key** to open the Notifications view. The Notifications view displays a list of your current notifications, organized into ongoing and event-based notifications.
