NOTE: For User Guide and Safety & Warranty information about your phone, swipe up on the Home screen and tap **Settings** > **About phone** > **User guide** or **Safety & Warranty** on your phone or visit: **KyoceraMobile.com/Support/Phone** and select your phone.
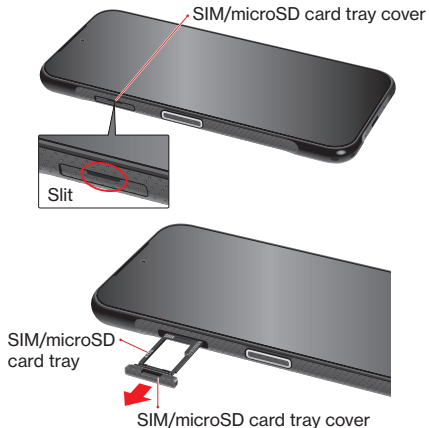

Setting up your phone

Your phone may already have a SIM card installed.
To insert or replace the SIM card or to insert a microSD card, follow these steps:

Optional: Insert the microSD card

Step 1. Pull out the SIM/microSD card tray
With the phone facing up, insert your fingernail into the slit on the SIM/microSD card tray cover and pull out the tray.

SIM/microSD card tray

SIM/microSD card tray cover

Step 2. Place a microSD card into the tray
Put the tray onto a flat surface and place a microSD card into the tray. Ensure the gold contacts are facing down as shown.

NOTE: microSD cards are sold separately.

SIM

Step 3. Insert the SIM/microSD card tray
Insert the tray into the phone, being careful not to let the cards slide out. Then gently push the tray back into the slot until it fits into place.

SIM

SD

Step 4. Check the SIM/microSD card tray cover

In order to maintain your phone's waterproof seal, confirm that the card tray cover is securely closed.

WARNING: Do not use the phone under water if the SIM/microSD card tray cover is broken or open.
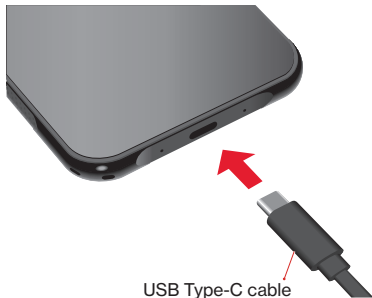

Step 5. Charge your phone

Before turning on your phone, charge it fully.

NOTE: Use only a USB Type-C charger/cable for this phone.

Insert one end of the USB cable into the Phone's USB/ Charger port. Then, insert the other end into the adapter and plug it into an outlet.

When charging is complete, remove the cable from the port. Unplug the AC adapter from the power outlet to conserve energy.

USB Type-C cable

WARNING: Use only approved adapters and cables with your phone. Improper handling of the charging port, as well as the use of an incompatible charger or cable, may cause damage to your device and void the warranty.

NOTE: For the fastest charging times, use the optional Adaptive Fast Charging AC adapter SCP-53ADT (sold separately). For more information, visit **solutions.kyoceramobile.com/shop**.

Using your phone

Turning your phone on
To turn your phone on, press and hold the **Power key**.

Turning your phone off
