Using HTC Hero S as a modem (USB tethering)

No Internet connection available for your computer? No problem. Use the Internet connection of HTC Hero S to connect to the Internet.

- To use HTC Hero S as a modem, you need to install HTC Sync on your computer first.
- You must have an approved data plan associated with your account from your mobile service provider to use this service.

1. Make sure the data connection on HTC Hero S is turned on.
2. Connect HTC Hero S to the computer using the provided USB cable.
3. On the Choose a connection type screen, select USB tethering, and then tap Done.

Connecting HTC Hero S to the Internet through a computer (Internet Pass-through)

If you temporarily don’t have Internet access, you can still go online on HTC Hero S by using your computer’s Internet connection.

Before you can use your computer as a modem, be sure to install HTC Sync on your computer first.

1. Make sure your computer is connected to the Internet.
2. Connect HTC Hero S to the computer using the provided USB cable.
3. On the Choose a connection type screen, select Internet pass-through, and then tap Done.

Creating a Wi-Fi hotspot

Share your data connection with other devices. Turn HTC Hero S into a wireless router and create a Wi-Fi hotspot.

- You need a tethering plan to create a Wi-Fi hotspot with your phone. For details, contact your service provider.
- Make sure the data connection on HTC Hero S is turned on.

1. From the Home screen, press ❯, and then tap Settings > Wireless & networks.
2. Tap Portable Wi-Fi hotspot settings.
3. Enter a router name or use the default router name.

4. Choose the type of Security and set the password (key) for your wireless router. If you selected None in Security, you don’t need to enter a password.

   The password is the key other people need to enter on their device so they can connect to the Wi-Fi hotspot created by HTC Hero S.

5. Select the **Portable Wi-Fi Hotspot** check box.

   HTC Hero S is ready to be connected to when you see [3G (0)] on the status bar.
