Charging the battery

Charge the device with the USB Type-C cable.

**Warning**
- Do not charge while the device or charging cable is wet or contains moisture. This can cause fire, electric shock, injury or damage to device.

**NOTE**
- A charging adapter that supports fast charging is included with your device.
- Do not use third-party chargers with your device as they may not support fast charging and may cause damage to your device.
- This device is compatible with wireless charging devices approved by LG, which are sold separately.

Precautions when using the device
- Make sure to use the USB cable provided; do not use third party USB cables or chargers with your device. The LG limited warranty does not cover the use of third party accessories.
- Failure to follow the instructions in this guide and improper use may damage the device.

Using the battery efficiently

Battery lifespan may decrease if you keep many apps and functions running simultaneously and continuously. Cancel background operations to increase battery life.

To minimize battery consumption, follow these tips:
- Turn off the Bluetooth® or Wi-Fi network function when not using them.
- Set the screen timeout to as short a time as possible.
- Minimize the screen brightness.
- Set a screen lock when the device is not used.
- Check the battery usage details and close any downloaded apps that are draining the battery.

Notes on Water Resistant Properties

This product is water and dust resistant in compliance with the Ingress Protection rating IP68. Your product has undergone testing in a controlled environment and is proven to be water and dust resistant in certain circumstances (meets the requirements of classification IP68 as described by the international standard IEC 60529 – Degrees of Protection provided by Enclosures [IP Code]; test conditions: 15-35°C, 86-106kPa, 1.5 meter, for 30 minutes). Do not expose the device in conditions that are different from the test conditions. Results may vary in actual use.

**Warning**
- Despite a rating of IP68, your device is not impervious to conditions not tested in LG’s controlled environment. Please note that any damages that occur due to such causes makes you ineligible for any free-of-charge repair services provided under the product’s limited warranty.
