

## U.S. Cellular® 4G LTE™ Router (LG2200D)

### Understanding The NETGEAR genie® Web UI

The NETGEAR genie is a web user Interface for monitoring and modifying settings. Settings are categorized into BASIC and ADVANCED tabs.

Menus (click the ADVANCED tab to view more)    Signal Quality    Dashboard (click to view details)    Language    Help

<http://routerlogin.net> (or <http://192.168.0.1>)  
 Default Username: admin  
 Default Password: password

Under the BASIC tab are options for:

- Mobile Internet: Set, update, and check the ISP settings of the router.
- Wi-Fi: View or change the Wi-Fi settings for the router.
- Guest Network: Enable a Guest Wi-Fi network.
- Attached Devices: View the devices connected to the network.
- Parental Controls: Download and set up parental controls to prevent objectionable content from reaching connected computers.
- ReadySHARE®: Manage a USB storage device attached to the router USB port.

### Troubleshooting And Support

Basic troubleshooting suggestions are found in the NETGEAR 4G LTE Router (LG2200D) User Manual. To view this manual and other support information click on the Online Support link in the NETGEAR genie or visit [support.netgear.com](http://support.netgear.com)

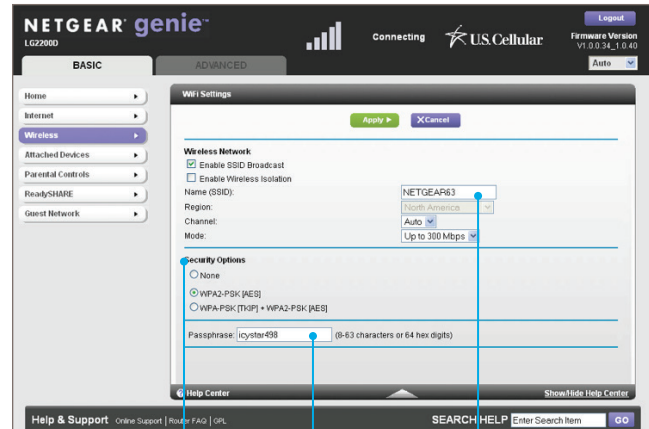

To contact U.S. Cellular technical support, call 1-888-944-9400 (or dial 611 on a U.S. Cellular® mobile phone).

Visit [www.netgear.com](http://www.netgear.com) for more product and support information.

### How To Change The Wi-Fi Network Name, Wi-Fi Password, And Security Settings

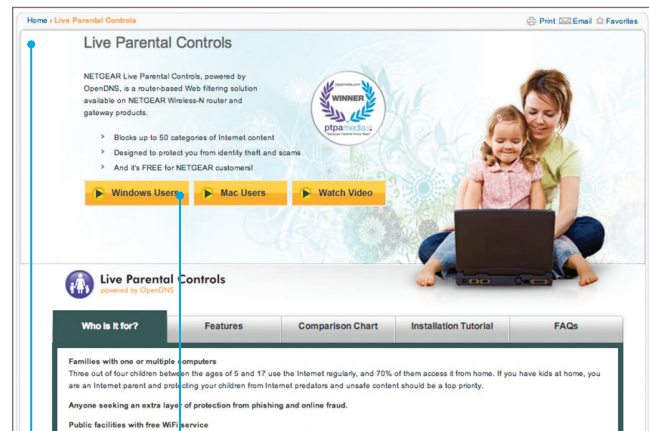

Each router is preset with a unique wireless network name (SSID) and password printed on the label on the underside of the router. These settings along with WPA/WPA2 security can be changed in the NETGEAR genie using the Basic > Wireless menu.

Set Security Options    Modify Wi-Fi Passphrase    Modify Wi-Fi Name

### How To Set Up Parental Controls

The first time you select Parental Controls from the NETGEAR genie Basic home screen, your browser will take you to the Live Parental Control website where you can learn more about Live Parental Controls or download and set up the application.

Live Parental Controls website    Click either the Windows Users or Mac Users button, and follow the onscreen instructions to download and install the NETGEAR Live Parental Controls Management utility.

After installation, Live Parental Controls automatically starts.
