

Samsung GALAXY S II

Now available for free download
to your Samsung Galaxy S[®] II:

ANDROID™ 4.0,
ICE CREAM SANDWICH

Android 4.0, Ice Cream Sandwich delivers an advanced smartphone experience like no other. The simple, easy-to-use interface; powerful web capabilities; customizable device screens; and innovations such as Face Unlock are designed to put you in complete control of your device.

Samsung GALAXY S II

Upgrades include:

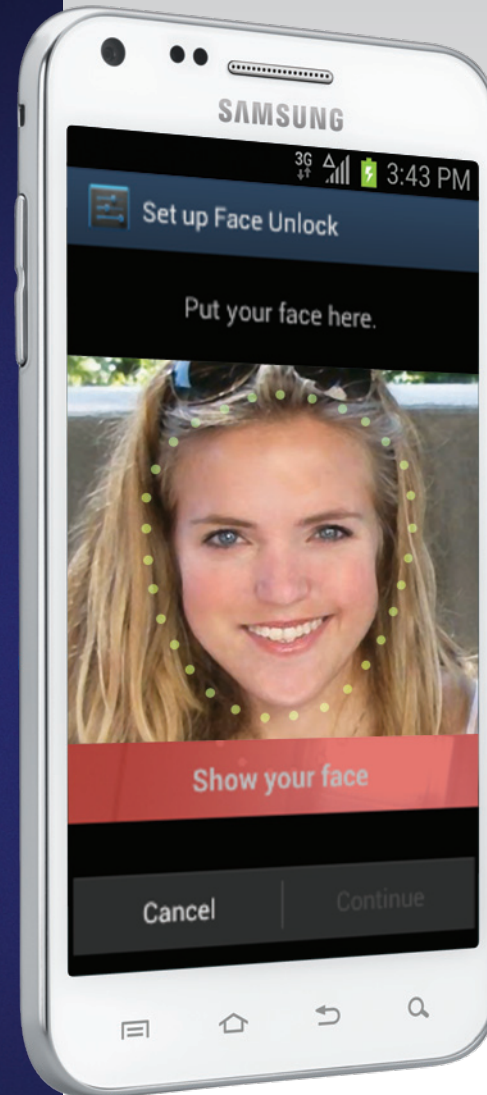

Notification Bar Enhancements – Icons have been updated in the pull-down menu.

More Intuitive Interface – Swipe. Touch. Connect. Every action feels natural, thanks to the simple, intuitive ways you can now navigate through the device.

New Preloaded Apps – New applications have been added including Google Play™ Movies & TV and Slacker® Radio.

Improved Text Input and Editing – Text input is faster and more accurate. Plus, copying, pasting and editing text is easier than ever.

Encryption – Options have been added to support encryption on the device and the SD card.

Face Unlock –
Unlock your phone
with a smile.

Using Face Unlock

1. From the Home screen, touch the **Apps** icon, then **Settings**.
2. Touch **Security**, then touch **Screen lock**.
3. Touch **Face Unlock** and tap **Continue**.
4. Center your face in the outlined area.
5. You will then receive a “Face Captured” prompt, if the setup was successful.
