Huawei Ascend II - Google Location Service & GPS

Google Maps lets you track your current location, view real-time traffic situations, and receive detailed directions to your destination. It also provides a search tool where you can locate places of interest or an address on a vector or aerial map, or view locations in street level.

**Turning on Location Services**

1. From the home screen, tap the **Menu Key**
2. Tap **Settings**
3. Tap **Location**
4. Tap **Use wireless networks**, **Use GPS satellites**, or both
