YOUR PHONE

With Chrome™ for Android, the speed of 4G LTE, and loads of Google Play™ apps, MOTOROLA ELECTRIFY M has everything you need in a design that fits perfectly in the palm of your hand:

- 4.3” edge-to-edge display
- Excellent battery life with SMARTACTIONS™
- Splash-Guard Coating
- High-powered searching with Google Now™.

Note: Certain apps and features may not be available in all countries.

TIPS & TRICKS

- **Start**: SIM in, charge up, and register. See “START”.
- **Top topics**: Just want a quick hit of what your phone can do? See “TOP TOPICS”.
- **More**: All the topics in this guide and so much more, right on your phone. Touch Guide Me. Want even more? See “GET MORE”.
- **Android™ 4.1.2, Jelly Bean**: Want to learn what’s new in this version of Android software? Check out www.android.com/about/jelly-bean/.

SAR

This product meets the applicable limit for exposure to radio waves (known as SAR) of 1.6 W/kg (FCC & IC). The limits and guidelines include a substantial safety margin designed to assure the safety of all persons, regardless of age and health. The highest SAR values measured for this device are listed in the regulatory information packaged with your product.

Note: NFC scan area is on the back of your phone.

START
let's get up & running

CHARGE UP
SiM in, optional memory card in, charge up, then power up.

TIPS & TRICKS
- **Power/Sleep Key:** To make the screen sleep or wake up, press the Power key. To turn your phone on or off, press and hold it.
- **Notification Light:** The notification light turns on when your phone starts charging and blinks when you have a new message or notification.
- **Battery:** Squeeze every bit of juice out of your battery, see "BATTERY LIFE".

**Note:** This product uses a non-removable battery. The battery should only be replaced by a Motorola-approved service facility. Any attempt to remove or replace your battery, unless performed by a service representative, may damage the product and void your warranty.
**BATTERY LIFE**

Your phone is like a small computer, giving you tons of information and apps, at 4G LTE speed. Depending on what you use, that can take a lot of power. To see what’s using up battery power, touch Apps > Settings > Battery. To set automatic rules to save power, touch Apps > SmartActions. See "SMARTACTIONS".

**TIPS & TRICKS**

To save even more battery life between charges, you could reduce:

- recording or watching videos, listening to music, or taking pictures.
- widgets that stream information to your home screen, like news or weather.
- unused online accounts that you registered: Touch Apps > Settings > Accounts & sync.
- Wi-Fi and Bluetooth® use: Touch Apps > Settings, then touch the switch next to Wi-Fi or Bluetooth to turn them on when you don’t need them.
- GPS use: Touch Apps > Settings > Location services, and uncheck GPS satellites.
- display brightness: Touch Apps > Settings > Display > Brightness (shorter setting)
- display timeout delay: Touch Apps > Settings > Display > Sleep
After you power up, create or log into a Google™ account to access all of your Google services. Registration is secure and only takes a few minutes.

Tip: To get your contacts, visit www.motorola.com/transfercontacts.

Note: This phone supports apps and services that use a lot of data, so make sure your data plan meets your needs. Contact your service provider for details.

Tips & Tricks

- **Wi-Fi network**: For faster Internet access, touch Apps > Settings > Wi-Fi. Touch ON to turn on Wi-Fi and search for networks. There's more in "Wi-Fi Networks".
- **Reboot**: In the unlikely event that your phone becomes unresponsive, try a forced reboot. Press and hold both the Power and Volume Down keys for about 15 seconds.
- **Accounts**: To add, edit, or delete accounts anytime, touch Apps > Settings > Accounts & sync. For more, see "Remove Accounts". To set up email accounts, see "Email".

For help with your Google account, visit www.google.com/accounts.
THE BEST OF GOOGLE™

Your whole world, organized and accessible. Browse, locate, watch, shop, play, work...Google has you covered. One account, access everywhere—phone, tablet, computer.

TIPS & TRICKS

- Find more about Google products: See www.google.com/about/products.
- Log in or open a Google account: Visit www.google.com/accounts.
- Download Google apps: Touch Play Store.
- Access all of your files in the cloud: Check out "Your Cloud".

Search for apps. Choose your account and settings.

On your computer and Android tablet, sign into your Google Account for all your Google apps and Google Play content.
OLD PHONE TO NEW PHONE

Are you switching from an Apple™ or Blackberry phone?

Get all your important information set up on your new Motorola smartphone in a few easy steps. The Welcome Home To MOTOROLA application transfers contacts, email addresses, calendar meetings, events, tasks, music, playlists, photos, and videos from your old phone to your new Motorola smartphone.

Note: If you are switching from another Android™ phone, your Google™ account's contacts, events, Gmail™ and other settings start downloading as soon as you log into your Google account. If you are switching from another type of device, contact your service provider for assistance.

To move information from an Apple or Blackberry phone to your Motorola smartphone:

1. Use your computer browser to navigate to www.markspace.com/welcomehome/, and download the free Microsoft™ Windows™ or Apple Macintosh version of the Welcome Home To Motorola application to your computer.
2. Install and run the application on your computer. You can skip registration.
3. Follow the instructions to transfer information from your old phone to your Motorola smartphone.

The Welcome Home To Motorola application prompts you to connect your old phone to the computer with a USB cable, and backup the data you want to transfer.

Next, install the Welcome Home To Motorola app on your Motorola smartphone, connect the smartphone to your computer with a USB cable, then transfer the data onto your Motorola smartphone.
Quick start: Home screen & apps

Start from the home screen, to explore apps and more.

- **Home screen:** You’ll see the home screen when you turn on your phone or touch Home ( ).
- **App & widget list:** To show all of your apps and widgets, touch Apps ( ).
- **More:** To download more apps and widgets from Google Play™ Store, touch Play Store ( ).

Tips & tricks

- **Pages:** To add or show other pages of shortcuts and widgets, flick the home screen left. To delete pages from your home screen, touch Home ( ), touch and hold a page, then drag it up to Remove.
- **Settings:** To quickly open settings, flick the home screen right.
- **Uninstall:** To uninstall apps, touch Apps ( ), touch and hold an app, then drag it to More options and choose Uninstall (if available).
REDECORATE YOUR HOME
For quick access to your favorite things, customize your home screen the way you want.

- **Change wallpaper:** Touch and hold an empty spot on your home screen to choose your wallpaper.
- **Create shortcut groups:** You can group app shortcuts together on your home screen to organize them. To create a shortcut group on your home screen, drag one shortcut onto another. Add more shortcuts by dragging them onto the first shortcut. To name the group, touch it and enter a name below the apps.
- **Add widgets & shortcuts:** Touch Apps 📲, touch and hold the app or widget, then drag it to one of your home screen pages. To see all your apps and widgets, flick the menu to the left, or touch ALL APPS or WIDGETS at the top. To see your Favorites touch ⭐, then touch ADD/REMOVE to edit your favorite apps. Tip: Some apps include widgets. To download apps, touch 🚀 Play Store.
- **Resize widgets:** You can resize some widgets—touch and hold a widget until you feel a vibration, then release. Drag the blue diamonds at the edges to resize.
- **Move or delete widgets & shortcuts:** Touch and hold a widget or shortcut until you feel a vibration, then drag it to another spot, another page, or Remove at the top of the screen.
- **Add, rearrange, or delete pages:** To show other pages of shortcuts and widgets, flick the home screen right.
  
  To add, reorder, or delete pages, from your home screen, flick right to show Add a page. Then, touch Blank page or Start with a template.
  
  Touch Manage pages, then touch and hold a page to rearrange or remove. Touch ‼ to add, or touch and hold an existing page and drag it to left or right to reorder, or drag it up to Remove.

- **Ringtones and more:** For more about customizing, see "CONTROL & CUSTOMIZE".
HOME SCREEN & APPS

GUIDE ME
To show interactive walk-through tutorials, touch Guide Me.
Guide Me makes things easy for you by taking you through your phone’s features.

SEARCH
At the top of the home screen, touch the Google search widget for a text search, or for voice search.
As you type, suggestions appear below the search field:
• To search for a suggestion, touch it.

• To search for text in the search field, touch on the keypad.

GOOGLE NOW™
Google Now shows you what’s around you, relevent to the moment: current traffic, weather, your appointments, and more. It all happens automatically.
To get started, touch and hold Home , and then flick up to the Google icon .
To turn Google Now on/off or learn more, touch the Google search widget on your home screen, then touch Menu > Settings > Google Now.
HOME SCREEN & APPS

STATUS & NOTIFICATIONS
At the top of the screen, icons on the left notify you about new messages or events (flick the bar down for details).

**Tip:** Touch to show Settings.

Icons on the right tell you about phone status:

- **network strength** (% = 4G LTE network)
- **battery charging/full**
- **Wi-Fi in range/connected**
- **silent**
- **Bluetooth™ on/connected**
- **vibrate**
- **GPS active**
- **alarm set**
- **airplane mode**
- **warning**

Network and Wi-Fi icons turn blue when your phone exchanges data with your Google™ account.

**Note:** Apps you download from Google Play™ Store might show other icons in the status bar to alert you to specific events.

DOWNLOAD APPS

**GOOGLE PLAY™**
Google Play is a new entertainment hub full of music, movies, books, apps, and games. You can instantly access your content from all your Android devices.

**Find it:** Play Store

- **Find:** To search, touch Q in the top right.
- **Review:** To show details and reviews for an app you found, just touch it.

**Tip:** For the full list of reviews, touch See all below the third review, then touch Most helpful first or Options to customize the list.

- **Download:** To download an app you found, touch it to open details and then touch Download, or the price.
- **Share:** To share an app you found, touch it to open details and then touch ☰.
- **Reinstall:** To show or reinstall apps you downloaded from the Google Play Store app, touch Menu > My Apps.
- **Use a computer:** To find and manage apps from any computer, go to http://play.google.com using your Google account and password.

There, you can browse apps on the big screen, manage your apps across multiple devices (like a phone and tablet), and even set new apps to download to your devices.
HOME SCREEN & APPS

- **Enjoy music, books & movies:** You can also use the Google Play Store app to download "MUSIC ON GOOGLE PLAY™", "BOOKS ON GOOGLE PLAY™", and "MOVIES & TV ON GOOGLE PLAY™".
- **Get help:** To get help and more, touch Menu in the top right.

**APPS FROM THE WEB**
You can get apps from online app stores using your browser.

**Tip:** Choose your apps and updates carefully, as some may impact your phone’s performance—see "CHOOSE CAREFULLY".

**Note:** When installing an app, make sure you read the alerts that tell you what information the app will access. If you don’t want the app to have access to this information, cancel the installation.

To let your phone install apps that are not from Google Play, touch Apps > Settings > Security and check **Unknown sources**.

To download files from your browser, see “DOWNLOADS”.

**CHOOSE CAREFULLY**
Apps are great. There’s something for everyone. Play, communicate, work, or have fun. But remember, choose your apps carefully. Here are a few tips:

- To help prevent spyware, phishing, or viruses from affecting your phone or privacy, use apps from trusted sites, like Google Play Store.
- In Google Play Store, check the app’s ratings and comments before installing.
- If you doubt the safety of an app, don’t install it.
- Like all apps, downloaded apps will use up memory, data, battery, and processing power—some more than others. For example, a simple battery level widget will use less than a streaming music player app. After installing an app, if you’re not happy with how much memory, data, battery or processing power it’s using, uninstall it. You can always install it again later.
- Just like web browsing, you may want to monitor children’s access to apps to help prevent exposure to inappropriate content.
- Certain apps may not provide completely accurate information. Take care, especially when it comes to personal health.

**TAKE CARE OF YOUR APPS**
From your home screen, touch Apps , then flick left to scroll through apps. To close the apps screen, touch Home or Back .

- **Favorites:** To show your favorite apps, touch ✯ at the top of the screen. Then touch ADD/REMOVE to edit your favorite apps.
HOME SCREEN & APPS

Tip: Apps you download are added to your favorites.

- **Uninstall apps**: Touch Apps > Settings > Apps > ALL, touch an app, then touch Disable or Uninstall in the top right (if available).

Disable removes the app from your menu. To Enable it, reopen this window and touch Enable (disabled apps are at the bottom of the list).

If an app locks up your phone as soon as you turn it on, restart in Safe Mode: Turn off your phone, then turn it back on—when you see the “Motorola” logo during power-up, press and hold both volume keys until you see the home screen, with Safe Mode in the lower left. Then, try removing the app.

- **Reinstall apps**: To reinstall apps from the Google Play Store, touch Apps > Play Store > My apps. The apps you downloaded are listed and available for download.

- **Share, show, or clear app details**: Touch Apps > Settings > Apps. A bar at the bottom tells you how much app storage space you have left. At the top, touch the list of DOWNLOADED, RUNNING, or ALL apps, then touch an app in the list to show its details and storage usage. You can touch Share, Clear data or other options.

Tip: To quickly show these app details from your app screen: Just touch and hold an app, drag it to More options at the top of your screen, then choose App info.

- **Show app data usage**: To show which apps are using the most data, touch Apps > Settings > Data usage. For more, see “DATA USE”.

**UPDATE YOUR PHONE**

Use your phone or computer to check, download, and install phone software updates:

- **Using your phone**: If your phone notifies you about an update, follow the instructions to download and install it.

To manually check for updates, touch Apps > Settings > About phone > System updates.

Your phone downloads updates over your Wi-Fi connection (if available) or mobile network. We recommend that you download updates when you have a Wi-Fi connection. Remember, these updates can be quite large (25MB or more) and may not be available in all countries. If the mobile network updates are not available in your country, update using a computer.

- **Using your computer**: On your computer, go to www.motorola.com/support and check the “Software” links. If an update is available, just follow the installation instructions.
CONTROL & CUSTOMIZE
how it acts & looks

QUICK START: CONTROL & CUSTOMIZE
Take control of your phone:

- **Touch**: It’s all in the touch. Simple gestures and touch keys to move about.
- **Speak**: Tell your phone what you want—touch 🎤 for Google Voice Actions.
- **Customize**: Change notifications or display settings—flick the status bar down and touch 🖼️

TIPS & TRICKS

- **Touch**: Choose an icon or option.
- **Touch & hold**: Move items on the home screen, or open options for items in lists (like People).
- **Drag or flick**: Scroll slowly (drag) or quickly (flick).
- **Pinch or double-tap**: Zoom in and out on websites, photos, and maps.
- **Twist**: Twist a map with two fingers to rotate it, and pull two fingers down to tilt it.
- **Speak**: You can touch 🎤 in a search window or 𝕄 in a keypad, or touch Apps 📚 > Voice Commands.
- **Ringtone for a contact**: To set a ringtone for a contact, touch 🎵 People, touch the contact, then touch Menu ☰ > Set ringtone.
- **Quick settings**: To change Phone ringtone, Wi-Fi, Bluetooth, GPS, Airplane mode, Mobile data, and Phone lock settings, flick the home screen right. Then, touch the switch to turn ON or OFF.
- **Home screen**: For more about changing your home screen, see “REDECORATE YOUR HOME”.

Touch to open. Touch & hold to move, delete, or open options. Flick down to set time & date.

Flick right to open or create pages. Flick left to open Quick Settings.

Touch & hold a blank spot to change wallpaper.

See your Apps & Widgets.

Menu More
Back Next
ON, OFF, LOCK & UNLOCK

Your touchscreen is on when you need it, and off when you don’t:

- **Screen off & on:** Press the Power key to turn the screen off & on.

  **Note:** During a call, your touchscreen might stay dark if the sensor just above it is covered. Don’t use covers or screen protectors (even clear ones) that cover this sensor.

- **Screen lock:** To unlock the screen, touch and flick to. To add a password or facial recognition security to your unlock screen, touch Apps > Settings > Security > Screen lock. See “SCREEN LOCK”.

- **Screen timeout:** To change your timeout (screen locks automatically), touch Apps > Settings > Display > Sleep.

TOUCH

Find your way around:

- **Back:** Touch Back to go to the previous screen.
- **Home:** Touch Home to return to the home screen. On your first home screen page, touch Home to show all the pages.
- **Recent apps:** Touch Recent to show your recent apps, and touch an app to reopen it. To remove an app from the list, flick it left or right. To scroll the list, flick up or down.
- **Menu:** When Menu appears in the corner of the screen, you can touch it to open options for the current screen.

Lost or stuck? If you’re not sure what to do next, try one of these:

- To open a text message, see contact details, or open items in a list, touch the message, contact, or item.
- To show options for a list item (if available), touch and hold the item.
- To show a menu for the current screen, touch Menu in the corner of the screen (if available).
- To return home to the home screen, touch Home.
- To go back just one screen, touch Back.
- To reopen an app you closed, touch Recent and touch the app in the list.
CONTROL & CUSTOMIZE

To reboot an unresponsive phone, press and hold both Power and Volume Down keys for about 15 seconds.

PRESS

POWER KEY
Press and hold the Power key to choose Power off, Airplane mode, vibrate, or silent.

To conserve battery, prevent accidental touches, or when you want to wipe smudges off your touchscreen, put the touchscreen to sleep by pressing the Power key. To wake up the touchscreen, just press the Power key again.

Tip: To add more security to your phone, see “PROTECT”.

VOLUME KEYS
Your volume keys help in a few ways:

- **Ringer volume**: Press the keys in the home screen, or press them when your phone is ringing to silence it.
- **Earpiece volume**: Press the keys during a call.
- **Music/video volume**: Press the keys during a song or video.

SPEAK

Just tell your phone what you’d like:

Tip: Speak naturally but clearly, like using a speakerphone.

- **Dialing and commands**: Touch Apps > Voice Commands. To dial, say “Call” and then a contact name or phone number. Or, say a command like “Send Text,” “Go to” and app, or “Help” for voice command help.

To choose the confirmations and prompts you want to hear, touch Apps > Voice Commands, then touch in the top right.

- **Search**: Enter text in the Google search widget at the top of your home screen, or touch to search by voice.

To change your voice search and text-to-speech settings, touch Apps > Settings > Language & input.

- **Text entry**: On a touchscreen keyboard, touch then speak your message. You can also speak punctuation.

Tip: To make your phone read out loud, see “TALKBACK”.

Speak naturally but clearly, like using a speakerphone.
CONTROL & CUSTOMIZE

CUSTOMIZE

Customize your phone’s sounds and appearance:

- **Ringtone and notifications**: To choose ringtones or notifications, touch Apps > Settings > Sound. To use a song as a ringtone, touch Apps > Play Music > Songs, touch and hold the song name, then touch Use as phone ringtone.

- **Vibrate or silent**: To choose whether your phone vibrates for incoming calls, touch Apps > Settings > Sound. Choose Silent mode to set whether it vibrates when you set the lock screen slider to silent. Check Vibrate and ring to make it vibrate when the ringer is not silent.

- **Ringtone for a contact**: To set a ringtone for a contact, touch People, touch the contact, then touch Menu > Set ringtone.

- **Volume**: To set volume, just press the volume keys in the home screen (ringtone volume), during a call (earpiece volume), or while playing music or a video (media volume).

- **Message alert**: To change your new message notification, touch Apps > Messages > Menu > Messaging Settings, then choose Text Messaging, Social Messaging, or Email.

- **Display settings**: To change brightness, animation, and other display settings, touch Apps > Settings > Display.

- **Rotate**: In many apps, the touchscreen switches from portrait to landscape when you rotate your phone. To turn this on or off, touch Apps > Settings > Display > Auto-rotate screen.

- **Home screen**: To change your wallpaper, touch and hold an empty spot on your home screen. For more, see “REDECORATE YOUR HOME”.

- **Language and region**: To set your menu language and region, touch Apps > Settings > Language & input > Locale.
CONTROL & CUSTOMIZE

QUICK SETTINGS
To change Phone ringtone, Wi-Fi, Bluetooth, GPS, Flight mode, Mobile data, and Phone lock settings, from the home screen flick left. Then, touch the switch to turn ON or OFF.

SMARTACTIONS™
Wish your phone could automatically reply to texts when you’re driving, silence your ringer during meetings, and conserve your battery when it runs low? It can. SMARTACTIONS suggests actions to automate, based on how you use your phone. When you see a suggestion in the status bar, flick the bar down to accept or delete it.

To get started, touch Apps > SmartActions.
- To create an action, touch Add a new SmartAction.
- For help in SmartActions, touch Menu > Help.
ACCESSIBILITY

See, hear, speak, feel, and use. Accessibility features are there for everyone, helping to make things easier.

Note: For general information, accessories, and more, visit www.motorola.com/accessibility.

VOICE RECOGNITION

Just tell your phone what you'd like to do—dial, browse, search, send a message, and a whole range of other actions and commands. Touch Apps > Voice Commands. For more, see “SPEAK”.

TALKBACK

Use TalkBack to read out loud—your navigation, your selections, even your books.

To turn on TalkBack, touch Apps > Settings > Accessibility > TalkBack, then touch OFF at the top to turn it to ON.

Note: You might need to download text-to-speech software (data charges may apply).

To use TalkBack:

- **Menus and screens**: Touch an item in a menu or screen—your phone speaks the name.
- **Dialer & text entry**: Start typing, and your phone speaks each number or letter.
- **Notifications**: Flick the status bar down. Your phone speaks all of the notifications.

- **Books & more**: Open a book, file, message, and more—it's read out loud (app dependent).
- **Tip**: Navigate through your apps and menus to hear how voice readouts work on your phone.

Take TalkBack to the next level. See "EXPLORE BY TOUCH".

EXPLORE BY TOUCH

Use Explore by touch to expand TalkBack, and have your touches read out loud as you move your finger around the screen.

To turn on Explore by touch, turn on TalkBack then touch Apps > Settings > Accessibility > Explore by touch, then touch OFF at the top to turn it to ON.

Explore by touch changes some touch gestures slightly so that the location of your touches can be read out loud. Just follow the handy tutorial to learn more.

CALLER ID

When you want to hear who's calling:

- **Read out loud**: Have your caller announced—touch Apps > Settings > Accessibility > Caller ID Readout.
- **Ringtones**: Assign a unique ringtone to a contact.

Touch People, touch the contact, then touch Menu > Set ringtone.
CONTROL & CUSTOMIZE

VOLUME & VIBRATE
Find it: Apps > Settings > Sound > Volumes or Vibrate and ring

- Volumes: Set different volumes for your music or videos, ringtone, text or email notifications, and alarms.
- Vibrate and ring: Set your phone to vibrate for incoming calls (even if the ringer is silent).

ZOOM
Get a closer look.

- Pinch to zoom: Pinch to zoom in and on web pages and photos: To zoom in, touch the screen with two fingers and then drag them apart. To zoom out, drag your fingers together.
  Tip: To zoom in, you can also double-tap.
- Big text: Show bigger text throughout your phone: touch Apps > Settings > Accessibility > Large text.
- Browser: Choose zoom, text size and other accessibility settings for your browser: touch Chrome > Menu > Settings > Accessibility.

DISPLAY BRIGHTNESS
Your phone automatically adjusts the screen brightness when you’re in bright or dark places. But you can set your own brightness level instead:

Uncheck Automatic brightness to set your own level.

TOUCHSCREEN & KEYS
To hear or feel when you touch the screen, touch Apps > Settings > Sound:

- Touchscreen: To hear screen touches (clicks), select Touch sounds.
- Keys: To feel screen keyboard touches (vibrate), select Vibrate on touch.
- Screen lock: To hear when you lock or unlock the screen (click), select Screen lock sound.

MESSAGES
To make text entry even easier, use features like auto-complete, auto-correct, and auto-punctuate—touch Apps > Settings > Language & input, then touch next to a keyboard type. Of course if you don’t want to type at all, then use your voice—touch on the touchscreen keyboard.

HEARING AIDS
To help get a clear sound when using a hearing aid or cochlear implant, your phone may have been rated for use with hearing aids. If your phone’s box has “Rated for Hearing Aids” printed on it, then please read the following guidance.
Note: Ratings are not a guarantee of compatibility (see “Hearing Aid Compatibility with Mobile Phones” in your legal and safety information). You may also want to consult your hearing health professional, who should be able to help you get the best results.

- **Settings**: Touch Phone > Menu > Settings > Hearing aids.
- **Call volume**: During a call, press the side volume keys to set a call volume that works for you.
- **Position**: During a call, hold the phone to your ear as normal, and then rotate/move it to get the best position for speaking and listening.

**TTY**

You can use your phone in TTY mode with standard teletype machines. Touch Phone > Menu > Settings > TTY mode and select the mode you need:

- **TTY full**: Type and read text on your TTY device.
- **TTY HCO**: Hearing-Carry-Over—type text on your TTY device and listen to voice replies on your phone’s speaker.
- **TTY VCO**: Voice-Carry-Over—speak into your phone and read text replies on your TTY device.

Note: You’ll need a cable/adapter to connect your TTY device to the headset jack on your phone. Refer to your TTY device guide for mode and usage information.

**APPS**

Want more? No problem. The Google Play Store provides access to thousands of apps, and many provide useful accessibility features.

Find it: Apps > Play Store
CALLS
when you need to talk

CALLS
QUICK START: CALLS
MAKE, ANSWER & END CALLS
RECENT CALLS
FAVORITES
3-WAY CALLS
YOUR PHONE NUMBER
EMERGENCY CALLS
COOL DOWN

QUICK START: CALLS
Dial numbers, recent calls, or contacts, all from one app.
Find it: Phone
Tip: In the phone unlock screen, drag to .
To make a call, enter a number then touch in the DIALER, or flick to the RECENT and FAVORITES tabs for quick access to your calls and contacts.

TIPS & TRICKS
• During a call: Your touchscreen goes dark to avoid accidental touches. To wake it up, move it away from your face or press the Power key.
• Multi-task: Touch Home to hide the call display and look up a phone number, address, or open other apps during a call. To reopen the call display, flick down the status bar and touch Current call.
• People: To search your People, touch .
• Voicemail: appears in the status bar when you have new voicemail. To hear it, touch Phone, then touch and hold 1.
MAKE, ANSWER & END CALLS
When you make or answer a call, you have options:

- **Make a call**: Touch \(\text{Phone}\), enter a number, then touch \(\text{Phone}\). To enter the international dialing code (+), touch and hold \(\text{Phone}\). To add a pause or wait after numbers, touch \(\text{Menu}\).

- **Answer a call**: Touch \(\text{Flick}\) and flick to \(\text{Answer}\). With call waiting on, touch \(\text{Flick}\) and flick to \(\text{Answer}\) to answer the new call, then touch \(\text{Hold current call + Answer}\) or \(\text{End current call + Answer}\).

- **Ignore a call**: Touch \(\text{Flick}\) and flick to \(\text{Ignore}\). You can also press the Power key to ignore the call, or press a volume key to silence the ring.

- **End a call**: Touch \(\text{End}\).

- **During a call**: Touch icons at the bottom of the call display to mute or hold the call. To hide the call display, touch \(\text{Home}\). To reopen it, flick down the status bar and touch \(\text{Current call}\).

**Note**: When you hold your phone to your ear, the touchscreen goes dark to avoid accidental touches. When you move your phone away from your ear, the display lights up again.

During a call, your touchscreen might stay dark if the sensor just above it is covered. Don’t use covers or screen protectors (even clear ones) that cover this sensor.

RECENT CALLS
Show your calls (with newest first), to call, text, or store them:

**Find it**: \(\text{Phone} \rightarrow \text{RECENT}\)
- To call a number, touch \(\text{Flick}\) on the right.
- To send a text message, store the number, or other options, touch and hold an entry.
- To search the list, touch \(\text{Search}\) at the bottom.
- To clear the list, touch \(\text{Menu} \rightarrow \text{Clear List}\).

FAVORITES
Find it: \(\text{Apps} \rightarrow \text{People} \rightarrow \text{FAVORITES}\)
- To call, text, email, or view contact information, touch the contact.
- To edit, share, delete, or set a ringtone for a contact, touch the contact, then touch \(\text{Menu}\).
3-WAY CALLS

During a call, you can start another call, switch between them, or join them in a 3-way call:

- To answer a second call, touch \( \text{and flick to } \) \( \text{. To ignore it, touch } \) \( \text{and flick to } \) \( \text{. The first call goes on hold if you answer the second call. To switch between calls, touch } \) \( \text{.} \)
- To dial a second call, touch \( \text{, enter a number in } \) \( \text{, or } \) \( \text{, then touch } \) \( \text{. The first call goes on hold when you touch } \) \( \text{. To join the calls after the second call answers, touch } \) \( \text{.} \)

YOUR PHONE NUMBER

Find it: Apps > Settings > About phone > Status > My Phone number

EMERGENCY CALLS

Note: Your service provider programs one or more emergency phone numbers that you can call under any circumstances, even when your phone is locked. Emergency numbers vary by country. Your pre-programmed emergency number(s) may not work in all locations, and sometimes an emergency call cannot be placed due to network, environmental, or interference issues.

1 Touch \( \text{Phone (if your phone is locked, touch Emergency Call or touch Menu } \) \( \text{ > Emergency call).} \)
2 Enter the emergency number.
3 Touch \( \text{to call the emergency number.} \)

Note: Your phone can use location based services (GPS and AGPS) to help emergency services find you. See “Location Services” in your legal and safety information.

COOL DOWN

In very limited circumstances, such as where your phone has been exposed to extreme heat, you may see “Cool Down” messages. To avoid possible damage to your battery and phone, you should follow these instructions until the phone is within its recommended temperature range. When your phone is in “Cool Down” mode, only emergency calls can be made.
Quick start: Contacts

Combine information from your Google contacts and social networks for quick access to everyone.

Find it: People
- Create: Touch 📞, below the People list.
- Edit or delete: Touch and hold a contact, then touch edit 📞 or delete 🗑️.
- Call, text, or email: Touch a contact, then touch an option.

Tips & tricks
- Groups: To show or create a group of contacts, touch GROUPS, touch the group or 🗑️.
- Search contacts: From the home screen, just touch the Google search widget and enter a contact’s name. In the People list, touch 🔍.
- Send contacts: Touch a contact, then touch Menu 📞 > Share to send a contact’s details in a message or over a Bluetooth® connection.
- Shortcuts: Touch Apps ☐️, touch WIDGETS at the top, then touch and hold a Contact widget.
- Synchronize: On your computer, upload contacts to your Google™ account at www.google.com/contacts. On your phone, touch Apps ☰️ > Settings > Accounts & sync, choose your Google account, then check Sync Contacts. You can also see these contacts at www.gmail.com. For help with transferring contacts, go to www.motorola.com/TransferContacts.
CREATE CONTACTS
Find it: 🌐 People > 📜
Touch a text box to type the name and details. When you’re finished, touch ☑️ SAVE at the top.

Note: To import contacts or change where they’re stored, see "GET CONTACTS".

CALL, TEXT, OR EMAIL CONTACTS
Find it: 🌐 People
Touch and hold the contact to open option icons at the bottom of your screen (touch and hold an icon to show what it does). You can also use "VOICE RECOGNITION".

FAVORITE CONTACTS
To see your favorite contacts, touch 🌐 People > FAVORITES.
To tag a favorite, touch 🌐 People > PEOPLE, touch a contact to open it, then touch ⭐ next to their name.

EDIT, DELETE, OR HIDE CONTACTS
Find it: 🌐 People
• To edit a contact, touch it, then touch Menu ☢️ > Edit contact. Then, touch a field to edit or touch 📑 to choose the contact’s picture.
• To set a special ringtone for the contact, touch it, then touch Menu ☢️ > Set ringtone.
• To delete the contact, touch it, then touch Menu ☢️ > Delete.
Contacts from social networks will become hidden if you select Delete. To view these contacts, or delete them permanently, use the social network’s app or website.
• To hide the contacts from an account or group in your People list, touch Menu ☢️ > Contacts to display. Touch a group name to show it, or touch Customize to uncheck groups you always want to hide.

GET CONTACTS
• To add your social networking contacts, add your account in "REMOVE ACCOUNTS".
• To add your email contacts, see "EMAIL".

Tip: If you add a Corporate Sync account, you can send messages to your coworkers, even if you don’t have them stored in your contacts.
• To import contacts from your SIM card (if that didn’t happen automatically): Touch 🌐 People > Menu ☢️ > Import/Export > Import contacts from: SIM card. Touch OK to confirm.
• To import contacts from your computer, upload the contacts to your Google™ account at http://contacts.google.com. On your phone, touch 🌐 People > Menu ☢️ > Accounts > Auto-sync app data. You can also see these contacts at http://mail.google.com.
Where are contacts stored? Your phone can store contacts in its memory or your Google account. To choose where contacts are stored, touch Apps > People > Menu > Settings > Contact storage > Contact storage account. If you don’t see your Google account listed, make sure you’re syncing contacts with it: Touch People > Menu > Accounts > Auto-sync app data. Contacts are not stored on your SIM card.

For help with transferring contacts, go to www.motorola.com/TransferContacts.

SHARE CONTACTS
Send a contact with a Bluetooth™ connection, text message, or email:

Find it: People
To send a contact, touch it, then touch Menu > Share and choose how you want to send it.

Note: You can’t send your social network contacts.

GROUPS
Create groups of Contacts (like “friends,” “family,” or “work”), then find contacts faster by showing one group.
To create or show a group in your Contacts, touch Contacts: All contacts at the top of your screen and choose the group name.
Quick Start: Messages
Stay in touch with messages and pictures.

Find it: Apps > Text Messaging

Tip: When your phone is locked, drag to Text.
- Create: Touch above the inbox list.
- Attach: When you’re typing a message, touch to attach a picture, video, or other file.

Tips & Tricks
- Forward, or save attachments: Open a conversation, touch and hold a message, then touch to forward. Touch and hold a picture to save it.
- Voice entry: Just touch a text box, then touch on the touchscreen keyboard.
- Reply to all in text messages: When you send a text message to multiple people, you can let everyone see the other recipients and reply to all, or hide the other recipients so that replies only go to you. To change this, touch Apps > Text Messaging > Menu > Settings > Group message type.
- Text your best friend: Use a widget to text your favorite contact quickly: Touch Apps, touch WIDGETS at the top, touch Direct message to drag it to your home screen, then choose a contact.
MESSAGES

READ, REPLY, FORWARD & DELETE TEXT MESSAGES
Find it: Apps > Text Messaging
Tip: When your phone is locked, drag to Text.
- Open: Touch a conversation to open it.
- Attachments: When you open a message with an attachment, touch the attachment to open it, or touch and hold it to save it.
- Reply: Open a conversation, then enter your response in the text box at the bottom.
- Forward: Open a conversation, touch and hold the message you want to forward, then touch at the top.
- Delete: Touch and hold a conversation you want to delete (or open the conversation and touch and hold just one message), then touch at the top.
- Settings: Touch Menu > Settings to change your signature and other options.

CREATE TEXT MESSAGES
Find it: Apps > Text Messaging
1. Enter the recipients at the top.
2. Touch the text box at the bottom to enter the message. For text entry details, see “Type”.
To add an attachment, touch . To send and receive large attachments faster, use “Wi-Fi Networks”.

EMAIL
Check email accounts, and send responses, photos, and more.
Find it: Apps > Gmail or Email
- Add Gmail™ accounts: The first time you turned on your phone, you probably set up or logged in to your Google™ account—that sets up the Gmail app for one account, but you can add more in Apps > Settings > Accounts & sync.
- Add email accounts: To add accounts for Email, follow the prompts when you first open the app or...
touch ☁ > ADD ACCOUNT, then enter details. For Microsoft™ Exchange server work email accounts, enter details from your IT administrator.

**Change or delete accounts:** To change an account’s sync and notifications, or delete it, touch Apps ☁ > Settings > Accounts & sync, touch an account, then touch Menu ☁ > Settings or Remove account.

**Chat**
Sign in and try a quick chat.

Find it: Apps ☁ > Talk and select your Google account. Your friends list opens, and icons tell you who is available for ☁ text chat, ☀ video chat, ☁️ voice chat, or who is ☁️ offline.

**Invite a friend:** Touch 📦, in the top right, then enter the email address for a friend’s Google account. They’ll receive the invitation when they sign into Google Talk™.

**Start a text chat:** Touch a name in your list of friends, then enter text and touch 📧.

**Start a voice or video chat:** Touch the ☁️ voice or ☀️ video icon next to a friend’s name.

**Chat from a computer:** You can chat from a computer, too. Find out more at www.google.com/talk.

For other chat options, use:

**Wireless Emergency Alerts**
Wireless Emergency Alerts, also known as CMAS or PLAN, is a U.S. national emergency alert system. Emergency alerts can pop up to tell you about a national or local crisis. After you close an alert, you can reopen it by touching Apps ☁ > Emergency Alerts.

**Tip:** Emergency alerts have a special sound and vibration that is two seconds long, followed by one second, then another one second.

To choose which types of alerts you receive, touch Apps ☁ > Emergency Alerts > Menu ☁ > Settings. The U.S. and local governments send these alerts through your service provider. So you will always receive alerts for the area where you are, and you won’t receive alerts if you’re outside of the U.S.

For more, visit www.ctia.org/consumer_info/safety/.
**Quick start: Type**

When you touch a text box, like in a message or search, you have keyboard options.

- **Choose a keyboard:** In a text box, flick down the status bar and touch **Select input method**.
  
  - Android keyboard: Enter letters by touching them one at a time.
  
  - **Close the keyboard:** Touch Back ➡️.

- **Swype® Keyboard:**
  
  To enter a word, just trace a path through the letters.
  
  - To capitalize, go above the keypad.
  
  - For double letters, circle the letter.

- **Android Keyboard:**
  
  Touch a key for each letter, then touch predicted words to enter them.

- **Tips & Tricks**
  
  - **Keyboard adaptation:** Your touchscreen keyboard changes, depending on whether you’re entering a text message, email, or other text.
  
  - **Move the cursor:** Touch a spot in the text to place the cursor, then drag the arrow under the cursor to move it.
  
  - **Copy & paste:** Double-tap a word to highlight it (if needed, drag the ends of the highlight). Touch icons at the top to select all, cut, copy, or paste (touch and hold the icons to show labels).
  
  - **Your dictionary:** To add a word you enter often, enter it, touch the word in the word list below the text box, then touch there again to add it to your dictionary.
  
  - If Swype doesn’t know a word, touch individual letters to enter it.
  
  - **Symbols:** Touch and hold a key to enter the small number or symbol at the top of it.

- To enter several numbers or symbols, touch ✉️. 
TEXT ENTRY SETTINGS & DICTIONARY
Choose your keyboard style and edit the dictionary of words your phone suggests:

**Find it**: Apps > Settings > Language & input

- To choose your display keyboard, touch **Default**.
  Motorola input lets you enter text one letter at a time. As you type, your phone suggests words. If you enter a word that wasn’t one of the suggestions, touch the completed word in the suggestion bar twice to add it to your dictionary for next time.
  Swype™ lets you enter words with one continuous motion. Just drag your finger over the letters in the word. If Swype doesn’t know a word, you can touch letters to enter it—then, touch the word in the suggestion bar, and touch **Add to dictionary** for next time.
- To change the preferences for your keyboards, touch next to a keyboard type. You can change the language, automatic punctuation, and more.
- To add or edit the words that your phone suggests and recognizes, touch **Personal dictionary**.

CUT, COPY & PASTE
Cut, copy, and paste names, phone numbers, addresses, quotes, or anything else in a text box.

1 To highlight a word, double-tap it.
2 To highlight more words, drag the selector arrow at the edge of the highlight.
3 Touch the icons for cut or copy.
4 Touch in the text box, then touch and hold to show the **PASTE** option. Touch **PASTE** to paste the text.
SOCIALIZE
your life & your friends

QUICK START: SOCIALIZE
Google+™ makes connecting on the web more like connecting in the real world. Share your thoughts, links and photos with the right circles.

Find it: Apps > Google+

TIPS & TRICKS
- **Automatically upload photos**: Touch Apps > Gallery and touch a photo or video. Choose share > Google+ and select your account.
- **Add a widget**: In your home screen, touch Apps > touch Widgets at the top, then touch and hold Google+ Photos or Google+ Posts to drag them to your home screen.
- **Help**: For more about Google+, visit www.google.com/+.
- **Other social networks**: You can also use Facebook™, Twitter, and more. Use the Google Play Store app to find the latest official apps and widgets.
**REMOVE ACCOUNTS**

To delete an account (along with its contacts and messages on your phone), touch Apps > Settings > ACCOUNTS, select the account. Touch the account again, then touch Menu > Remove account.
**QUICK START: CHROME™**

**Find it:** Apps > Chrome

- **Go to a webpage:** Touch the address bar at the top of a page and enter an address.
- **Add or open bookmarks:** Open the address bar (flick down if you don’t see it), then touch Menu or Bookmarks.

**TIPS & TRICKS**

- **Home screen shortcut:** In your home screen, touch the Google search widget at the top and enter a website address.
  
  **Note:** If you can’t connect, contact your service provider.

- **Mobile sites:** Some websites automatically show you a “mobile” version of their page. If you want to see the standard computer versions of all websites, touch Menu > Request desktop site.

- **Reload:** If a page doesn’t load correctly, try touch .

- **Clear history:** In the browser, touch Menu > Settings > Privacy > Clear browsing data. Then choose history, cache, cookies, and other options.

- **Help:** For more about Google Chrome, visit [www.support.google.com/chrome](http://www.support.google.com/chrome).
WEB CONNECTION
To access the web, your phone uses your Wi-Fi network (or your mobile phone network if no Wi-Fi network is connected).

Note: Your service provider may charge to surf the web or download data over your mobile phone network. To connect to a Wi-Fi network, see “Wi-Fi Networks”.

BOOKMARKS
To bookmark a page in your browser, touch Menu > ★.
To go to a bookmark, touch Menu > Bookmarks, then touch the bookmark.

DOWNLOADS
Warning: Apps downloaded from the web can be from unknown sources. To protect your phone and personal data, only download apps from sources you trust, like “Google Play”.
To download a file, picture, or webpage, touch Chrome and go to the website, and then:
- Files: Touch the download link. To show the file or app, touch Apps > Downloads.
- Pictures: Touch and hold it to choose Save image. To show the picture, touch Apps > Gallery > Download.

To download apps or phone updates, see “Download Apps” or “Update your phone”.

BROWSER OPTIONS
To change your browser security settings, text size, and other options, touch Menu > Settings.

SAFE SURFING & SEARCHING
Keep track of what your browser and searches show:
- Browse incognito: To open a tab that won’t appear in your browser or search history, touch Chrome > Menu > New incognito tab.
- Browser history, cache, and passwords: To clear your browser history and other saved information, touch Chrome > Menu > Settings > Privacy.
- Automatic form completion: When you enter your name in an online form, your browser can automatically enter your address information. If you don’t want that, touch Chrome > Menu > Settings > Auto-fill forms.
- Browser pop-ups: To stop pop-up windows from opening, touch Chrome > Menu > Settings > Advanced > Block pop-ups.
- Voice search: Touch , then touch to open options.
QUICK START: PHOTOS & VIDEOS

Capture super clear photos and HD videos to savor that "Wow!" moment. Send them to friends or save them for later.

Find it: Apps > Camera

Tip: When the phone is locked, drag to Camera.

TIPS & TRICKS

- **Take a photo**: Open the camera, then touch .
- **Record a video**: Touch in the camera, then touch to start or stop recording.
- **View, share, or delete**: Touch your last photo/video in the corner of your viewfinder, or touch Apps > Gallery and touch a photo or video. You can choose share, delete, Menu , and more.
- **Zoom**: Press the volume keys.
- **Multi-shot**: Set the mode to Multi-shot to take a burst of photos with one press of the camera key.
- **Focus and flash**: To choose an off-center focus point and test the automatic flash, touch a spot in the viewfinder before you take the picture. A green square marks the focus point—touch to take the picture.
- **Take photos while shooting video**: While recording a video, touch to take a high-res still picture.
- **Memory card**: Photos and videos are stored in your phone memory unless you use an optional memory card. Then open the viewfinder and touch > Storage Location > SD card.
- **Clarify**: For the clearest photos and videos, clean the lens with a soft, dry cloth.
Photos & Videos

Quick Start: Photos & Videos

Take Photos

Find it: Camera

Touch 📷 to take a photo (or touch and hold to focus, then release to take).

Record Videos

Find it: Camera, then touch 📹.

Touch 📹 to start or stop recording.

Tip: To send a video in a text message, set the video quality first: Touch 📹 to switch to the camcorder. After you record the video, touch its thumbnail, then touch it for sharing options.

The Perfect Shot

Point and click—done. But when you want the perfect shot or something a little different, play with these camera options:

Options

Settings
- Widescreen (6MP or 8MP photo resolution)
- Volume Key Function (use volume keys to zoom)
- Geo-tag (auto location information)
- Storage Location (phone or optional microSD memory card)
- Shutter Tone

Effects
Set a photo effect: Normal, Black & White, Negative, and more.

Scenes
Set the type of photo you want to take: Auto, Portrait, Landscape, and more.

Modes
Set to Single shot, Panorama, Multi-shot, or Timer.

Exposure
Select an exposure setting.

Flash
Set Flash On, Flash Off, or Auto Flash.
PHOTOS & VIDEOS

Or these video options:

**Options**

- **Settings**
  - Video Resolution (1080p, 720p, DVD, VGA, or QVGA)
  - Volume Key Function (use volume keys to zoom)
  - Geo-tag (auto location information)
  - Storage Location (phone or optional microSD memory card)
  - Shutter Tone

- **Effects**
  - Set a video effect: Normal, Black & White, Negative, and more.

- **Audio Scenes**
  - Set sound recording options: Stereo, Wind Reduction, or Concert.

- **Modes**
  - Set to Normal Video, Slow Motion, or Time Lapse.

- **Exposure**
  - Select an exposure setting.

- **Light**
  - Set Light On or Light Off.

**Tip:** To select multiple files, open a folder, touch and hold a photo, then touch others.

- **Zoom:** Open a photo, then drag two fingers apart or together on the screen.
  
  **Tip:** Turn the phone sideways for a widescreen view.

- **Wallpaper or contact photo:** Open a picture, then touch Menu > Set picture as.

- **Edit:** Open a picture, then touch Menu > Edit.

- **Slideshow:** Open a folder, then touch at the top. To stop the slideshow, touch the display or Back.
  
  **Tip:** To show the slideshow on a television or other device, see “CONNECT & TRANSFER”.

To copy photos to/from a computer, go to “MEMORY CARD & FILE MANAGEMENT”.

**EDIT, SHARE, OR DELETE PHOTOS & VIDEOS**

Find it: Apps > Gallery

- **View, share, or delete:** Touch a thumbnail to open it, then choose share, delete, Menu, and more.

**CAPTURE YOUR SCREEN**

Sometimes a picture speaks louder than words. Share a screen capture of your favorite playlist, your new high score, or a friend’s contact information. If you can show it on your phone, you can share it with your friends.

To capture your phone’s screen, press and hold the Power and Volume Down keys at the same time.
PHOTOS & VIDEOS

To see the screen capture, touch Apps > Gallery > Screenshots.

MOVIES & TV ON GOOGLE PLAY™
Find and rent movies to watch on your tablet or computer:
Find it: Apps > Play Movies & TV
To shop, rent, or watch on a computer, go to www.google.com/play and choose “Movies & TV.”

YOUTUBE™
Watch videos from YouTube users everywhere—or log into your account to share your own.
Find it: Apps > YouTube
MUSIC ON GOOGLE PLAY™
when life needs a soundtrack

QUICK START: MUSIC
Music everywhere—stream it, buy it, save it, play it. Listen and create playlists anytime.

Find it: Apps > Play Music
To access your Google Play Music with a computer, visit www.google.com/music.

SONGS GENRES PLAYLISTS
Last added
Allie live shows
Portland
road trip
summer songs
workout 1
Allie's mix
Google Play
Song Title
Artist

Tips & tricks
- Go back: When you open a song or artist list, touch in the top left to go back.
- Shuffle or repeat: During a song, touch to show shuffle and repeat at the bottom. Touch once to repeat the current song list, or twice to repeat only the current song.
- Volume: Press the volume keys.
- Hide the music player: To use another app while your music plays, touch Home. To return to the music player, flick down the status bar and touch the song title.
- Home screen: Control music playback from the home screen by adding the Google Play Music widget.
- Shop: Touch to shop for more music.
- Playlists: Touch and hold a song in your library to add it to a playlist or show other options. To edit, delete and rename a playlist, touch and hold its name in the music library.
- During a flight: Press and hold the Power key > Airplane mode to turn off all your network and wireless connections and listen to music during a flight.
- File types: Your phone can play MP3, M4A, AAC, AAC+, MIDI, and WAV files.

Note: Copyright—do you have the right? Always follow the rules. See “Content Copyright” in your legal and safety information.
**BOOKS ON GOOGLE PLAY™**

**Quick start: Books**
Read your favorite books, magazines, and newspapers when and where you want.

**Find it:** Apps > Play Books
- **Open:** Flick left and right to see more books in your library. To open a book, touch it.
- **Read offline:** To store books for reading when you're not connected, touch Menu > Make available offline, choose the books, then touch ✓.

**Tips & tricks**
- **Turn pages:** While reading the book, turn the pages by flicking them.
- **Recent page:** When you open book, it shows the last page you were reading.
- **Table of contents:** Touch a book page, then touch Menu to open its table of contents or your book display options.
- **Close:** To return to your book list, touch in the top left.
- **Shop:** To shop for books, touch Apps > Play Books, then in the top right. Browse by category, or touch and search for a title or author. Touch a book to show details. Then, touch the book’s price to buy it (or touch OPEN to open a free book). After you confirm a purchase, the book is added to your library.
- **Magazines:** Touch Apps > Play Magazines.
LOCATE & NAVIGATE
where you are, where you're going

Quick start: Locate & navigate
Find an address, find a place, see what's close by, get directions or full navigation, and so much more—all with the Google Maps™ you know and love.

Find it: Apps ➔ Maps

Tips & tricks
- Find an address: Enter the address in the search box at the top. The map moves to show the address.
- Get directions: Find an address on the map, touch it, then touch ➤.
- Save an address: Touch the address, then touch the star by its name. To show your starred places, touch Maps and choose My Places. Touch a star to remove it.
- Zoom: To zoom in or out, drag two fingers together or apart on the screen.
- Turn and tilt: Rotate two fingers on map to turn it or drag down/up to tilt.
- Send your location: To tell others where you are, touch your location on the map, touch the My Location bubble, then choose Send location to others.
- Find nearby businesses or attractions: Touch the location on the bottom.
- Identify address: Touch and hold a spot on the map to show the nearest address.
- Get map help: Touch Menu ➔ Help.

See options, settings, & more.
LOCATE & NAVIGATE

Google+ Local
Google+ Local lets you find the restaurants, cafes, bars, and attractions that are close to you.

Find it: Apps > Local
Tip: In Maps, just touch 📍 at the bottom.

Google Maps™ with Navigation beta
Get spoken turn-by-turn directions to the destination you specify.

Find it: Apps > Navigation
Speak, type, or select your destination. Navigation shows a map and starts telling you directions.

Tip: To add to your STARRED places, open Google Maps™, find an address, then touch the ⭐ next to it.
To exit navigation or see other options, touch ✗ at the bottom. Touch 🛡️ to show gas stations and other points along the way.

Note: Using a mobile device or accessory while driving may cause distraction and may be illegal. Always obey the laws and drive safely.

For more, go to www.google.com/mobile/navigation.

Google Latitude™
Google Latitude lets you see where your friends and family are on Google Maps™. Plan to meet up, check that they got home safely, or just stay in touch. Don’t worry, your location is not shared unless you agree to it. After you join Google Latitude, you can invite your friends to view your location, or accept their invitations.

To join Google Latitude, touch Apps > Maps, touch Maps at the top, then choose Join Latitude.
To use Google Latitude after you join, touch Apps > Latitude:
• To add friends, touch 🧱.
  Touch Select from Contacts or Add via email address. Your friend will receive an email notice.
• To remove friends, touch ✗ next to their name.
• To share your location when you receive a request, you can choose Accept and share back (show your location and see theirs), Accept, but hide my location (hide your location, but see theirs), or Don’t accept (hide both locations).
• To hide your location, touch Menu > Location Settings > Location reporting > Do not update your location.
• To sign out, touch Menu > Location Settings > Sign out of Latitude.
**WORK**

get it done anytime

---

**CORPORATE SYNC**

If you use Microsoft® Office Outlook on your work computer, your phone can synchronize emails, events, and contacts with your Microsoft Exchange server.

- To add your Corporate account, see "EMAIL".
- To choose what to sync from your Corporate account, touch Apps > Settings > Accounts & sync, touch your account, then choose options like Calendar, Contacts, or Email.

**QUICKOFFICE**

Use Quickoffice to view and edit files on your memory card (optional).

Find it: Apps > Quickoffice

Touch a file or folder to open, or touch and hold a file for options. You can edit most text or spreadsheet files:

- Place your cursor by touching the text.
- Select text by double-tapping it.
- Open a keyboard, choose formatting, save the file, or choose other options by touching Menu.

**OFFICE NETWORK**

To connect your office network with a Virtual Private Network connection, see "VIRTUAL PRIVATE NETWORKS (VPN)".

---

**CLOCK**

Find it: Apps > Clock > Set alarm

- **Alarm:** Touch an alarm to edit it, or touch to add a new alarm.
  When an alarm sounds, touch Dismiss to turn it off or Snooze to delay for ten minutes.
- **Settings:** To change your alarm sound, snooze delay, or other settings, touch Menu > Settings.

Tip: To set your date, time, time zone, and formats, touch Apps > Settings > Date & time.
CALENDAR
Show events stored on your phone and in your online calendars, all together in one place.

Find it: Apps > Calendar
- Change the view: Touch the date at the top left to choose Day, Week, Month, or Agenda.
- Add events: From any view, touch Menu > New event, enter event details, then touch DONE.
- Show, edit, or delete events: Touch an event to open it, then touch edit or delete.

Show, hide, or add calendars: Touch Menu > Calendars to display to show or hide calendars from your Google account. You can use a computer to add or remove calendars on your Google account at www.google.com/calendar.

Tip: Add a Calendar widget to your home screen. Touch Apps > WIDGETS, then touch and hold the Calendar widget to add it to your home screen.
CONNECT & TRANSFER
wired up or wireless

Quick start: Connect & transfer
Connect accessories, computers, networks, and more.

Find it: Apps > Settings

Tips & tricks
- Bluetooth™ devices: To connect a Bluetooth headset, keypad, or other device, touch Bluetooth.
- Wi-Fi networks: To connect, touch Wi-Fi.
- Wi-Fi hotspot: To make your phone a hotspot, touch Tethering & Mobile Hotspot, then check Mobile Hotspot. You can change hotspot security.
- USB cable: Your phone’s micro USB port lets you exchange media and other files with a connected computer. To change the type of USB connection, touch Apps > Settings > Storage > Menu > USB computer connection.
- Automatic connections: When Bluetooth® or Wi-Fi power is ON, your phone automatically reconnects to available devices or networks it has used before.

Motorsola
**CONNECT & TRANSFER**

**BLUETOOTH® WIRELESS**

**TURN BLUETOOTH POWER ON/OFF**

Find it: Apps > Settings, then touch the Bluetooth switch to turn it on.

Tip: To extend battery life or stop connections, turn the Bluetooth them off when you’re not using it.

**CONNECT DEVICES**

The first time you connect a device, follow these steps:

1. Make sure the device you are pairing with is in discoverable mode (for details, refer to the guide that came with the device).
2. Touch Apps > Settings > Bluetooth.
3. Make sure the switch at the top is on, then touch SEARCH FOR DEVICES.
4. Touch a found device to connect it (if necessary, touch Pair or enter a passkey like 0000).

Tip: Touch next to a device to rename it.

When the device connects, the Bluetooth status indicator turns blue.

To automatically disconnect or reconnect a device anytime, just turn it off or on.

Note: Using a mobile device or accessory while driving may cause distraction and may be illegal. Always obey the laws and drive safely.

**MANAGE DEVICES**

To manually reconnect your phone with a paired device, touch the device name in the AVAILABLE DEVICES list.

To manually disconnect your phone from a paired device, touch the device name in the devices list, then touch OK.

To remove a paired device, touch the next to the device name in the PAIRED DEVICES list, then touch Unpair.

Touch Apps > Settings > Bluetooth, turn Bluetooth power on, then touch Menu > Rename phone. Enter a name and touch OK.

**LET DEVICES FIND YOUR PHONE**

To let a Bluetooth device discover your phone:

1. Touch Apps > Settings > Bluetooth.
2. Touch Only visible to paired devices to make your phone visible to all devices for two minutes.

**TRANSFER FILES**

- **Photos or videos:** Open the photo or video, then touch > Bluetooth.
- **People:** Touch People > Menu > Share contacts, check what you want to share (you can choose Unselect all), then touch OK > Bluetooth.

**CONNECT & TRANSFER**

Quick start: Connect & transfer

Bluetooth® wireless

Wi-Fi Networks

USB Cables

Memory Card & File Management

Share Your Data Connection

Data Use

NFC

Your Cloud

Phone & Tablet

DLNA™ Media Devices

Virtual Private Networks (VPN)

Mobile Network

Airplane Mode
**Wi-Fi Networks**

**Turn Wi-Fi Power On/Off**

Find it: Apps > Settings, then touch the Wi-Fi switch to turn it **ON**.

Note: To extend battery life, turn Wi-Fi **OFF** when you’re not using it.

**Connect to Networks**

To find networks in your range:

1. Touch Apps > Settings > Wi-Fi.
   - Tip: To see your phone’s MAC address and Wi-Fi settings, touch Menu > Advanced.
2. Make sure the switch at the top is **ON**, then touch SCAN.
3. Touch a found network to connect it (if necessary, enter Network SSID, Security, and Wireless password, and touch Connect).

When your phone connects, the Wi-Fi status indicator 📣 appears in the status bar.

Note: If you see a question mark in the Wi-Fi status indicator 📣, pull down the status bar, touch the network, and enter the network’s password.

Tip: When Wi-Fi power is on, your phone automatically reconnects to available networks it has used before.

**Manage Networks**

To remove a network, touch it in the list, then touch Forget.

To manage your networks, touch Apps > Settings > Wi-Fi, turn Wi-Fi power on, then touch Menu > Manage Networks.

**Wi-Fi Hotspot**

You can make your phone a Wi-Fi hotspot to provide portable, convenient internet access to other Wi-Fi enabled devices.

Note: Keep it secure. To protect your phone and hotspot from unauthorized access, it is strongly recommended that you set up hotspot security (WPA2 is the most secure), including password.

Find it: Apps > Settings > Tethering & Mobile Hotspot and check Mobile Hotspot.

1. Your phone turns off Wi-Fi power and uses the mobile network for Internet access. Touch Mobile Hotspot Settings > Configure Mobile Hotspot to set up security:
   - SSID—Enter a unique name for your hotspot.
   - Security—Select the type of security you want: Open or WPA2. For WPA2, enter a unique password that others will need to access your Wi-Fi hotspot.

Note: WPA2 is recommended by IEEE.
CONNECT & TRANSFER

- **Channel**—If you notice interference after your hotspot has been active for a while, try different channels.
- Touch **Save** when the settings are complete.
- When **Mobile Hotspot** is active, other Wi-Fi enabled devices can connect by entering your hotspot’s **SSID**, selecting a **Security** type, and entering the correct **Wireless password**.

**Wi-Fi modes**
For those who like to get a bit more technical, your phone supports the following Wi-Fi modes: 802.11a, b, g, n.

**USB cables**
**Note:** Copyright—do you have the right? Always follow the rules. See "**CONTENT COPYRIGHT**".
To load music, pictures, videos, documents, or other files from your computer, connect your phone to your computer with a USB cable. To change the type of USB connection, touch **Apps > Settings > Storage > USB computer connection**.
- For Microsoft™ Windows™ XP, Windows Vista, and Windows 7: On your computer, choose Start, then select Windows Explorer from your list of programs. In Windows Explorer, your phone will appear as a connected drive (mass storage device) where you can drag and drop files, or it will appear as an MTP or PTP device that lets you use Windows Media Player to transfer files. For more instructions or driver files, visit www.motorola.com/myelectrifym.

**Memory card & file management**
Your photos, videos, and other files are automatically stored in your phone’s internal memory. Optional microSD memory cards can help store more files.

**Tip:** To move media from internal memory to a microSD card, touch **Apps > Settings > Storage > Manage internal storage**.

**Manage files on your phone**
Find it: **Files > Device storage or SD card**
Touch a file or folder to open, then touch and hold a file to **Delete** or **Share**.

**Remove or erase a memory card**
**Note:** Do not remove a microSD memory card while your phone is using it or writing files on it.
Before you remove a microSD card you need to unmount it. Touch **Apps > Settings > Storage > Unmount SD card**.
To erase a microSD card, touch Apps > Settings > Storage > Erase SD card.

**Warning:** All data on the microSD card will be deleted.

**USB CONNECTION**
You can connect your phone to a computer with a USB cable.

**Note:** The first time you use a USB connection, your computer may indicate that drivers are being installed. Follow any prompts you see to complete the installation. This may take a few minutes.

1. With the home screen showing, connect a Motorola micro USB data cable from your phone’s micro USB port to a USB port on your computer. Your phone should show \[\] in the status bar.

**Note:** Make sure to connect the phone to a high power USB port. Typically, these are located directly on your computer. To change the type of USB connection if necessary, touch Apps > Settings > Storage > Menu > USB computer connection > Mass Storage.

2. Your phone and optional microSD memory card appear as two separate removable disks on your computer. Drag and drop files between your computer and the phone or microSD card folders. When you’re done, use “Safely Remove Hardware” before disconnecting the USB cable.

**Note:** You can’t use files on the microSD card while your phone is connected to the computer.

**SHARE YOUR DATA CONNECTION**
Your computer can access the internet through your phone’s mobile network—you just need a USB cable.

**Tip:** To share a Wi-Fi connection, see “**Wi-Fi hotspot**.”

1. Connect your phone to your computer using a USB cable.

**Note:** If your computer is running something older than Microsoft™ Windows™ 7 or Apple™ Macintosh™ OSX, it might require special configuration.

2. On your phone, touch Apps > Settings, then make sure the Wi-Fi switch is set to .

3. In Settings, touch Tethering & Mobile Hotspot, then check USB tethering to start the connection. To stop the connection, uncheck USB tethering, then disconnect your phone from your computer.

**DATA USE**
You can track the amount of data uploaded and downloaded by your phone.

**Note:** Usage information is provided to help you manage your phone. This may not match the amounts charged by your service provider, as they’re not measured in the same way.
**Find it:** Apps > Settings > Data usage

Your phone shows a data usage graph, followed by a list of the apps that are running, from highest data usage down to least. Touch an app to open its details. Apps that use a lot of data might also use a lot of battery power.

The data usage screen shows information and settings for data transferred over your service provider’s mobile network.

**NFC**

Near Field Communication technology lets you instantly share content (like web links, contacts, and photos), information, and more, by touching the back of your phone to another NFC-enabled device.

**SHARE WITH ANDROID BEAM™**

Use Android Beam to share content on your phone with another NFC-enabled phone or tablet.

**Note:** The other device must support NFC too.

1. Open the screen that contains the map page or browser page you want to share.
2. Touch the back of your phone to the back of the other device. When the devices connect, you’ll see Touch to Beam on your phone.
3. Touch your screen to share your content.

**RECEIVE WITH NFC**

Receive web links, e-coupons, brochures, maps and more from an NFC tag. Look for the NFC logo on posters, signs, store displays and other areas. Just touch the back of your phone to the logo to receive its tag information.

**BLUETOOTH & WI-FI ONE-TOUCH SETUP**

Just touch your phone to an NFC-enabled Bluetooth device or Wi-Fi access point to automatically pair or connect with the device.
CONNECT & TRANSFER

MOBILE PAYMENT
You can use any secure payment app to pay for your purchase (where available).
Look for the NFC logo to confirm that you can make a mobile payment. Touch the back of your phone to the payment device to pay for your purchase.

SECURITY
Mobile payments, wireless connections, and content sharing all demand security:
- **Range:** NFC only works over a short range (about 4 cm/1.5 inches), so it’s unlikely you’ll connect by mistake—if you did, you would still have to accept the connection to send or receive information.
- **Encryption:** Your phone uses the latest security, encryption, and authentication features to protect your personal information for mobile payments and content sharing.

YOUR CLOUD
One account with access to everything, everywhere—phone, tablet, computer.

SYNC YOUR GOOGLE ACCOUNT
When you log in to the same Google account, all devices can get to all the same apps, movies, books, and music from "GOOGLE PLAY"—plus you share the same Gmail™, Google Calendar™, and other Google services. To add accounts to your phone, touch Apps > Settings > Accounts & sync.

PHONE & TABLET
Your Android phone and tablet can work together to help you get the most out of both:
- **Transfer media and files:** Copy files to your phone’s memory card (optional) and transfer it to other devices with "MEMORY CARD & FILE MANAGEMENT".
- **Phone hotspot:** If you have a Wi-Fi tablet, turn your phone into a Wi-Fi hotspot to let your tablet access the Internet anywhere—see "WI-FI HOTSPOT".
- **Bluetooth accessories:** If you have a Bluetooth keyboard or other accessories to use with your tablet, remember you can use them with your phone too. To connect them, see "BLUETOOTH WIRELESS".

DLNA™ MEDIA DEVICES
Use DLNA Certified computers, TVs, and other devices to show the videos and pictures stored on your phone.

SYNC YOUR GOOGLE ACCOUNT
When you log in to the same Google account, all devices can get to all the same apps, movies, books, and music from "GOOGLE PLAY"—plus you share the same Gmail™, Google Calendar™, and other Google services. To add accounts to your phone, touch Apps > Settings > Accounts & sync.

PHONE & TABLET
Your Android phone and tablet can work together to help you get the most out of both:
- **Transfer media and files:** Copy files to your phone’s memory card (optional) and transfer it to other devices with "MEMORY CARD & FILE MANAGEMENT".
- **Phone hotspot:** If you have a Wi-Fi tablet, turn your phone into a Wi-Fi hotspot to let your tablet access the Internet anywhere—see "WI-FI HOTSPOT".
- **Bluetooth accessories:** If you have a Bluetooth keyboard or other accessories to use with your tablet, remember you can use them with your phone too. To connect them, see "BLUETOOTH WIRELESS".

DLNA™ MEDIA DEVICES
Use DLNA Certified computers, TVs, and other devices to show the videos and pictures stored on your phone.
**CONNECT & TRANSFER**

**Virtual Private Networks (VPN)**

A VPN lets you access files on a secured network (like an office network with a firewall). Contact the network administrator to ask for VPN settings, and any additional apps or other requirements.

To enter VPN settings, touch Apps > Settings > More... > VPN. Choose the type of VPN and enter settings from the network administrator. The network is stored in the VPN list so that you can select it whenever you need to connect.

**Mobile Network**

You should not need to change any network settings. Contact your service provider for help.

Touch Apps > Settings > More... > Mobile networks to see network settings options.

**Airplane Mode**

Use airplane mode to turn all your wireless connections off—useful when flying. Press and hold the Power key > Airplane mode.

**Note:** When you select airplane mode, all wireless services are disabled. You can then turn Wi-Fi and/or Bluetooth power back on, if permitted by your airline. Other wireless voice and data services (such as calls and text messages) remain off in airplane mode. Emergency calls to your region’s emergency number can still be made.
**Protect**

Quick Start: Protect

Make sure your information is protected, in case your phone is lost or stolen.

**Find it:** Apps > Settings > Security & Screen Lock

The easiest way to protect your phone is to use Screen lock. You can choose facial recognition, a pattern, or a PIN to unlock your phone.

**Tips & Tricks**

- **Face unlock:** Unlock your phone by looking at it!
  Touch Apps > Settings > Security & Screen Lock > Screen lock > Face Unlock and follow the prompts.

- **Forgotten pattern:** If you enter the wrong unlock Pattern five times, your device shows a Forgot pattern? option that lets you enter your Google™ account email and password to unlock your device.

- **Forgotten password:** You will need to reset your phone (see “reset”).
Protect

Quick start: Protect

Screen lock

To keep your phone secure, you can make the touchscreen lock when it goes to sleep.

Find it: Apps > Settings > Security & Screen Lock > Screen lock, then select the lock type:

- None: turn off the screen lock.
- Slide: flick to the right to unlock.
- Face Unlock: look at your phone to unlock it.
  - Follow the prompts to capture your face and enter a PIN or password (for backup or to change the lock setting). When the screen is dark, press the Power key, then frame your face in the square at the bottom to unlock.
  - Note: This feature is less secure than a pattern, PIN, or password.
- Pattern: draw a pattern to unlock.
- PIN: enter four to sixteen digits to unlock.
- Password: enter four to sixteen letters, digits, or symbols to unlock.

To change when your touchscreen goes to sleep, see “Power key”.

Note: You can make emergency calls on a locked phone (see “Emergency calls”). A locked phone still rings, but you need to unlock it to answer.

Can’t unlock?

Face unlock: If your phone doesn’t recognize your face, you’ll be prompted to enter your backup pattern or PIN code to unlock it.

Pattern, PIN, or password: If you forget your pattern, PIN, or password, contact your service provider.

SIM lock

Caution: If you enter an incorrect PIN code three times, your phone locks your SIM card and asks for your PIN unlock code. Contact your service provider for your PIN unlock code.

To set a SIM card PIN that you must enter when you turn on your phone:

Find it: Apps > Settings > Security & Screen Lock > Set up SIM card lock > Lock SIM card

To set your SIM PIN, enter a 4-digit code. To change your code, choose Change SIM PIN.

Encrypt your phone

Caution: If you forget your encryption code, you cannot recover the data stored on your phone or optional memory card. Encrypting your files can take an hour or more. Leave your phone plugged in, and be careful not to interrupt the process.
Encryption protects the accounts, settings, apps, and files on your phone, so that people cannot access them if your phone is stolen.

To encrypt your phone and require a PIN or password whenever you turn on your phone:

Find it: Apps > Settings > Security & Screen Lock > Encrypt phone

**BACKUP & RESTORE**

Your Google account data is backed up online. So, if you reset or replace your phone, just log into your Google account to restore the contacts, events, and other details you synced with the account. To choose what syncs with the account, touch Apps > Settings > Accounts & sync, touch your Google™ account, and check things to sync. Please note that text messages, call logs, and items stored on your phone will not be restored. To restore your Google Play Store apps, see “TAKE CARE OF YOUR APPS”.

**RESET**

To reset your phone to factory settings and erase all the data on your phone, touch Apps > Settings > Privacy > Factory data reset > Reset Phone.

**Warning:** All downloaded apps and user data on your phone will be deleted. Data on your memory card will not be deleted.
GET MORE

Tips & Tricks
- **Google help:** In Google apps, touch Menu ☰ > Help.
  You can also view the Google Help Centers online at www.google.com/support

Grab a barcode scanner on Google Play™ and scan this code. Enjoy :-|
CRASH RECOVERY

In the unlikely event that your phone stops responding to touches and key presses, try a forced reboot—press and hold both the Power and Volume Down keys for about 15 seconds. If necessary, hold the Power key to turn your phone back on.

SERVICE & REPAIRS

If you have questions or need assistance, we’re here to help.

Go to www.motorola.com/repair (United States) or www.motorola.com/support (Canada), where you can select from a number of customer care options. You can also contact the Motorola Customer Support Center at:

1-800-734-6870 (United States), 1-888-390-6456 (TTY/TDD United States for hearing impaired), or 1-800-461-4575 (Canada).
Battery Use & Safety

The following battery use and safety information applies to all Motorola mobile devices. If your mobile device uses a non-removable main battery (as stated in your product information), details related to handling and replacing your battery should be disregarded—the battery should only be replaced by a Motorola-approved service facility, and any attempt to remove or replace your battery, unless performed by a service representative, may damage the product and void your warranty.

**Important:** Handle and store batteries properly to avoid injury or damage. Most battery safety issues arise from improper handling of batteries, and particularly from the continued use of damaged batteries.

**DON'Ts**
- Don’t disassemble, crush, puncture, shred, or otherwise attempt to change the form of your battery.
- Don’t use tools, sharp objects, or excessive force to insert or remove the battery as this can damage the battery.
- Don’t let the mobile device or battery come in contact with liquids.* Liquids can get into the mobile device’s circuits, leading to corrosion.
- Don’t allow the battery to touch metal objects, if metal objects, such as jewelry, stay in prolonged contact with the battery contact points, the battery could become very hot.
- Don’t place your mobile device or battery near a heat source.* High temperatures can cause the battery to swell, leak, or malfunction.
- Don’t dry a wet or damp battery with an appliance or heat source such as a hair dryer or microwave oven.

**DOs**
- Do avoid leaving your mobile device in your car in high temperatures.*
- Do avoid dropping the mobile device or battery.* Dropping these items, especially on a hard surface, can potentially cause damage.
- Do contact your service provider or Motorola if your mobile device or battery has been damaged in any of the ways listed here.

*Note:* Always make sure that any battery, connector, and compartment covers are closed and secure to avoid direct exposure of the battery to any of these conditions, even if your product information states that your mobile device can resist damage from these conditions.

**Important:** Motorola recommends you always use Motorola-branded batteries and chargers for quality assurance and safeguards. Motorola’s warranty does not cover damage to the mobile device caused by non-Motorola batteries and/or chargers. To help you identify authentic Motorola batteries from non-original or counterfeit batteries (that may not have adequate safety protection), Motorola provides holograms on its batteries. You should confirm that any battery you purchase has a “Motorola Original” hologram.

If you see a message on your display such as Invalid Battery or Unable to Charge, take the following steps:
- Remove the battery and inspect it to confirm that it has a “Motorola Original” hologram.
- If there is no hologram, the battery is not a Motorola battery.
- If there is a hologram, replace the battery and try charging it again.
- If the message remains, contact a Motorola authorized service center.

**Warning:** Use of a non-Motorola battery or charger may present a risk of fire, explosion, leakage, or other hazard.

**Proper and safe battery disposal and recycling:** Proper battery disposal is not only important for safety, it benefits the environment. You can recycle your used batteries in many retail or service provider locations. Additional information on proper disposal and recycling can be found at www.motorola.com/recycling.

**Disposal:** Promptly dispose of used batteries in accordance with local regulations. Contact your local recycling center or national recycling organizations for more information on how to dispose of batteries.

**Warning:** Never dispose of batteries in a fire because they may explode.

**Battery Charging**

**Notes for charging your product’s battery:**
- During charging, keep your battery and charger near room temperature for efficient battery charging.
- New batteries are not fully charged.
- New batteries or batteries stored for a long time may take more time to charge.
- Motorola batteries and charging systems have circuitry that protects the battery from damage from overcharging.

**Third Party Accessories**

Use of third party accessories, including but not limited to batteries, chargers, headsets, covers, cases, screen protectors and memory cards, may impact your mobile device’s performance. In some circumstances, third party accessories can be dangerous and may void your mobile device’s warranty. For a list of Motorola accessories, visit www.motorola.com/products.

**Driving Precautions**

Responsible and safe driving is your primary responsibility when behind the wheel of a vehicle. Using a mobile device or accessory for a call or other application while driving may cause distraction, and may be prohibited or restricted in certain areas—always obey the laws and regulations on the use of these products.
While driving, NEVER:

- Type, read, enter or review texts, emails, or any other written data.
- Surf the web.
- Input navigation information.
- Perform any other functions that divert your attention from driving.

While driving, ALWAYS:

- Keep your eyes on the road.
- Use a hands-free device if available or required by law in your area.
- Enter destination information into a navigation device before driving.
- Use voice activated features (such as voice dial) and speaking features (such as audible directions), if available.
- Obey all local laws and regulations for the use of mobile devices and accessories in the vehicle.
- End your call or other task if you cannot concentrate on driving.

Seizures, Blackouts & Eyestrain

To reduce eyestrain and avoid headaches, it is always a good idea to hold the screen a comfortable distance from your eyes, use a well-lit area, and take frequent breaks. Some people may be susceptible to seizures or blackouts (even if they have never had one before) when exposed to flashing lights or light patterns, such as when playing video games, or watching videos with flashing-light effects. Discontinue use and consult a physician if any of the following symptoms occur: seizures, blackout, convulsion, eye or muscle twitching, loss of awareness, or disorientation.

If you or someone in your family has experienced seizures or blackouts, please consult with your physician before using an application that produces flashing-light effects on your mobile device.

Caution About High Volume Usage

Warning: Exposure to loud noise from any source for extended periods of time may affect your hearing. The louder the volume sound level, the less time is required before your hearing could be affected. To protect your hearing:

- Limit the amount of time you use headsets or headphones at high volume.
- Avoid turning up the volume to block out noisy surroundings.
- Turn the volume down if you can’t hear people speaking near you.

Repetitive Motion

When you repetitively perform actions such as pressing keys or entering finger-written characters, you may experience occasional discomfort in your hands, arms, shoulders, neck, or other parts of your body. If you continue to have discomfort during or after such use, stop use and see a physician.

Children

Keep your mobile device and its accessories away from small children. These products are not toys and may be hazardous to small children. For example:

- A choking hazard may exist for small, detachable parts.
- Improper use could result in loud sounds, possibly causing hearing injury.
- Improperly handled batteries could overheat and cause a burn.

Supervise access for older children. Similar to a computer, if an older child does use your mobile device, you may want to monitor their access to help prevent:

- Exposure to inappropriate apps or content.
- Improper use of apps or content.
- Loss of data.

Glass Parts

Some parts of your mobile device may be made of glass. This glass could break if the product receives a substantial impact. If glass breaks, do not touch or attempt to remove. Stop using your mobile device until the glass is replaced by a qualified service center.

Operational Warnings

Obey all posted signs when using mobile devices in public areas.

Potentially Explosive Areas

Potentially explosive areas are often, but not always, posted and can include blasting areas, fueling stations, fueling areas (such as below decks on boats), fuel or chemical transfer or storage facilities, or areas where the air contains chemicals or particles, such as grain dust, or metal powders.
When you are in such an area, turn off your mobile device, and do not remove, install, or charge batteries, unless it is a radio product type especially qualified for use in such areas and certified as “Intrinsically Safe” (for example, Factory Mutual, CSA, or UL approved). In such areas, sparks can occur and cause an explosion or fire.

Symbol Key
Your battery, charger, or mobile device may contain symbols, defined as follows:

<table>
<thead>
<tr>
<th>Symbol</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>!</td>
<td>Important safety information follows.</td>
</tr>
<tr>

Radio Frequency (RF) Energy

Exposure to RF Energy
Your mobile device contains a transmitter and receiver. When it is ON, it receives and transmits RF energy. When you communicate with your mobile device, the system handling your call controls the power level at which your mobile device transmits.

Your mobile device is designed to comply with local regulatory requirements in your country concerning exposure of human beings to RF energy.

RF Energy Operational Precautions
For optimal mobile device performance, and to be sure that human exposure to RF energy does not exceed the guidelines set forth in the relevant standards, always follow these instructions and precautions:

- When placing or receiving a phone call, hold your mobile device just like you would a landline phone.
- If you wear the mobile device on your body, ensure that the device is positioned at least 2.5 cm (1 inch) away from the body, and if you use an accessory case or holder, ensure it is free of any metal.

RF Energy Interference/Compatibility
Nearly every electronic device is subject to RF energy interference from external sources if inadequately shielded, designed, or otherwise configured for RF energy compatibility. In some circumstances, your mobile device may cause interference with other devices.

Follow Instructions to Avoid Interference Problems
Turn off your mobile device in any location where posted notices instruct you to do so, such as in hospitals or health care facilities.

In an aircraft, turn off your mobile device whenever instructed to do so by airline staff. If your mobile device offers an airplane mode or similar feature, consult airline staff about using it in flight.

Medical Devices
If you have a medical device, including an implantable medical device such as a pacemaker or defibrillator, consult your healthcare provider and the device manufacturer’s directions before using this mobile device.

Persons with implantable medical devices should observe the following precautions:

- ALWAYS keep the mobile device more than 20 centimeters (8 inches) from the implantable medical device when the mobile device is turned ON.
- DO NOT carry the mobile device in the breast pocket.
Use the ear opposite the implantable medical device to minimize the potential for interference.

Turn OFF the mobile device immediately if you have any reason to suspect that interference is taking place.

Regulatory Information
Your Motorola mobile device is designed to comply with national and international regulatory requirements. For full compliance statements and details, please refer to the regulatory information in your printed product guide.

Location Services
The following information is applicable to Motorola mobile devices that provide location based functionality. Location sources can include GPS, AGPS and Wi-Fi. Your mobile device can use Global Positioning System (GPS) signals for location-based applications. GPS uses satellites controlled by the U.S. government that are subject to changes implemented in accordance with the Department of Defense policy and the Federal Radio Navigation Plan. These changes may affect the performance of location technology on your mobile device.

Your mobile device can also use Assisted Global Positioning System (AGPS), which obtains information from the cellular network to improve GPS performance. AGPS uses your wireless service provider’s network and therefore airtime, data charges, and/or additional charges may apply in accordance with your service plan. Contact your wireless service provider for details.

Your mobile device can also use Wi-Fi signals to determine your approximate location, using information from known and available Wi-Fi networks.

Your Location
Location-based information includes information that can be used to determine the approximate location of a mobile device. Mobile devices which are connected to a wireless network transmit location-based information. Devices enabled with location technology also transmit location-based information. Additionally, if you use applications that require location-based information (e.g., driving directions), such applications transmit location-based information. This location-based information may be shared with third parties, including your wireless service provider, applications providers, Motorola, and other third parties providing services.

Emergency Calls
When you make an emergency call, the cellular network may activate the AGPS technology in your mobile device to tell the emergency responders your approximate location. AGPS has limitations and might not work in your area. Therefore:

Always tell the emergency responder your location to the best of your ability, and

Remain on the phone for as long as the emergency responder instructs you.

Navigation
The following information is applicable to Motorola mobile devices that provide navigation features. When using navigation features, note that mapping information, directions and other navigational data may contain inaccurate or incomplete data. In some countries, complete information may not be available. Therefore, you should visually confirm that the navigational instructions are consistent with what you see. All drivers should pay attention to road conditions, closures, traffic, and all other factors that may impact driving. Always obey posted road signs.

Privacy & Data Security
Motorola understands that privacy and data security are important to everyone. Because some features of your mobile device may affect your privacy or data security, please follow these recommendations to enhance protection of your information:

- Monitor access—Use your device’s security and lock features, where available.
- Keep software up to date—if Motorola or a software/application vendor releases a patch or software fix for your mobile device that updates the device’s security, install it as soon as possible.
- Secure Personal Information—Your mobile device can store personal information in various locations including your SIM card, memory card, and phone memory. Be sure to remove or clear all personal information before you recycle, return, or give away your device. You can also backup your personal data to transfer to a new device.
- Online accounts—Some mobile devices provide a Motorola online account (such as MOTOBLUR). Go to your account for information on how to manage the account, and how to use security features such as remote wipe and device location (where available).
- Applications and updates—Choose your apps and updates carefully, and install from trusted sources only. Some apps can impact your phone’s performance and/or have access to private information including account details, call data, location details and network resources.
Product Safety & Legal

• **Wireless**—For mobile devices with Wi-Fi features, only connect to trusted Wi-Fi networks. Also, when using your device as a hotspot (where available) use network security. These precautions will help prevent unauthorized access to your device.

• **Location-based information**—Mobile devices enabled with location-based technologies such as GPS, AGPS or Wi-Fi, can transmit location-based information. See "Location Services" for more details.

• **Other information your device may transmit**—Your device may also transmit testing and other diagnostic (including location-based) information, and other non-personal information to Motorola or other third-party servers. This information is used to help improve products and services offered by Motorola.

If you have further questions regarding how the use of your mobile device may impact your privacy or data security, please contact Motorola at privacy@motorola.com, or contact your service provider.

**Use & Care**

To care for your Motorola mobile device, please observe the following:

- **liquids**—Don't expose your mobile device to water, rain, extreme humidity, sweat, or other liquids.

- **drying**—Don't try to dry your mobile device using a microwave oven, conventional oven, or dryer, as this may damage the mobile device.

- **extreme heat or cold**—Don't store or use your mobile device in temperatures below -10°C (14°F) or above 60°C (140°F). Don't recharge your mobile device in temperatures below 0°C (32°F) or above 45°C (113°F).

- **dust and dirt**—Don't expose your mobile device to dust, dirt, sand, food, or other inappropriate materials.

**Recycling**

Mobile Devices & Accessories

Please do not dispose of mobile devices or electrical accessories (such as chargers, headsets, or batteries) with your household waste, or in a fire. These items should be disposed of in accordance with the national collection and recycling schemes operated by your local or regional authority. Alternatively, you may return unwanted mobile devices and electrical accessories to any Motorola Approved Service Center in your region. Details of Motorola approved national recycling schemes, and further information on Motorola recycling activities can be found at: www.motorola.com/recycling

**Perchlorate Label**

Some mobile phones use an internal, permanent backup battery on the printed circuit board that may contain very small amounts of perchlorate. In such cases, California law requires the following label:

Perchlorate Material – special handling may apply when the battery is recycled or disposed of. See [www.dtsc.ca.gov/hazardouswaste/perchlorate](http://www.dtsc.ca.gov/hazardouswaste/perchlorate) (in English only). There is no special handling required by consumers.

**California Perchlorate Label**

Some mobile phones use an internal, permanent backup battery on the printed circuit board that may contain very small amounts of perchlorate. In such cases, California law requires the following label:

Perchlorate Material – special handling may apply when the battery is recycled or disposed of. See [www.dtsc.ca.gov/hazardouswaste/perchlorate](http://www.dtsc.ca.gov/hazardouswaste/perchlorate) (in English only). There is no special handling required by consumers.
Hearing Aid Compatibility with Mobile Phones

Some Motorola phones are measured for compatibility with hearing aids. If the box for your particular model has "Rated for Hearing Aids" printed on it, the following explanation applies. When some mobile phones are used near some hearing devices (hearing aids and cochlear implants), users may detect a buzzing, humming, or whining noise. Some hearing devices are more immune than others to this interference noise, and phones also vary in the amount of interference they generate.

The wireless telephone industry has developed ratings for some of their mobile phones, to assist hearing device users in finding phones that may be compatible with their hearing devices. Not all phones have been rated. Phones that are rated have the rating on their box or a label on the box. To maintain the published Hearing Aid Compatibility (HAC) rating for this mobile phone, use only the original equipment battery model.

This phone has been tested and rated for use with hearing aids for some of the wireless technologies that it uses. However, there may be some newer wireless technologies used in this phone that have not been tested yet for use with hearing aids. It is important to try the different features of this phone thoroughly and in different locations, using your hearing aid or cochlear implant, to determine if you hear any interfering noise. Contact your service provider or Motorola for information on hearing aid compatibility. If you have questions about return or exchange policies, contact your service provider or phone retailer.

M-Ratings: Phones rated M3 or M4 meet FCC requirements and are likely to generate less interference to hearing devices than phones that are not labeled. M4 is the better/higher of the two ratings.

T-Ratings: Phones rated T3 or T4 meet FCC requirements and are likely to be more usable with a hearing device's telecoil ("T Switch" or "Telephone Switch") than unrated phones. T4 is the better/higher of the two ratings. (Note that not all hearing devices have telecoils in them.) Hearing devices may also be measured for immunity to this type of interference. Your hearing device manufacturer or hearing health professional may help you find results for your hearing device. The more immune your hearing aid is, the less likely you are to experience interference noise from mobile phones.

Software Copyright

Motorola products may include copyrighted Motorola and third-party software stored in semiconductor memories or other media. Laws in the United States and other countries preserve for Motorola and third-party software providers certain exclusive rights for copyrighted software, such as the exclusive rights to distribute or reproduce the copyrighted software. Accordingly, any copyrighted software contained in Motorola products may not be modified, reverse-engineered, distributed, or reproduced in any manner to the extent allowed by law. Furthermore, the purchase of Motorola products shall not be deemed to grant either directly or by implication, estoppel, or otherwise, any license under the copyrights, patents, or patent applications of Motorola or any third-party software provider, except for the normal, non-exclusive, royalty-free license to use that arises by operation of law in the sale of a product.

Content Copyright

The unauthorized copying of copyrighted materials is contrary to the provisions of the Copyright Laws of the United States and other countries. This device is intended solely for copying non-copyrighted materials, materials in which you own the copyright, or materials for which you have obtained permission to copy from the copyright owner.

Open Source Software Information

For instructions on how to obtain a copy of any source code being made publicly available by Motorola related to software used in this Motorola mobile device, you may send your request in writing to the address below. Please make sure that the request includes the model number and the software version number.

MOTOROLA MOBILITY LLC
600 North US Hwy 45
Libertyville, IL 60048
USA

The Motorola website opensource.motorola.com also contains information regarding Motorola’s use of open source software. Motorola has created the opensource.motorola.com website to serve as a portal for interaction with the software community-at-large.

To view additional information regarding licenses, acknowledgments and required copyright notices for open-source packages used in this Motorola mobile device, please go to Apps > Settings > About phone > Legal information > Open source licenses. In addition, this Motorola device may include...
self-contained applications that present supplemental notices for open source packages used in those applications.

**Export Law Assurances**

This product is controlled under the export regulations of the United States of America and Canada. The Governments of the United States of America and Canada may restrict the exportation or re-exportation of this product to certain destinations. For further information contact the U.S. Department of Commerce or the Canadian Department of Foreign Affairs and International Trade.

**Product Registration**

To obtain service or other information, please access and review the online Customer Support section of Motorola's consumer website at [www.motorola.com](http://www.motorola.com). Motorola Mobility LLC Limited Global Warranty

Motorola Mobility LLC Limited Global Warranty Mobile Phones

Note: This Limited Warranty is not applicable in Quebec, Canada.

FOR CONSUMERS WHO ARE COVERED BY CONSUMER PROTECTION LAWS OR REGULATIONS IN THEIR COUNTRY OF PURCHASE OR, IF DIFFERENT, THEIR COUNTRY OF RESIDENCE, THE BENEFITS CONFERRED BY THIS LIMITED WARRANTY ARE IN ADDITION TO ALL RIGHTS AND REMEDIES CONVEYED BY SUCH CONSUMER PROTECTION LAWS AND REGULATIONS.

Who is Covered?

This Limited Warranty extends only to the first consumer purchaser of the Product, and is not transferable.

What Does this Limited Warranty Cover?

Motorola Mobility LLC or its subsidiaries' warranty obligations are limited to the terms and conditions set forth herein. Subject to the exclusions contained below, Motorola Mobility LLC or its subsidiaries (“Motorola”) warrant this Mobile Phone (“Product”) against defects in materials and workmanship, under normal consumer use, for a period of ONE (1) YEAR from the date of retail purchase by the original end-user purchaser, or the period of time required by the laws of the country where the Product is purchased, whichever is longer (“Warranty Period”). Repairs made under this Limited Warranty are covered for the balance of the original Warranty Period, or 90 days from the date of service, whichever is longer. Any upgrade to the original product will be covered only for the duration of the original Warranty Period.

Who is Covered?

This Limited Warranty extends only to the first consumer purchaser of the Product, and is not transferable.

What Does this Limited Warranty Cover?

Motorola Mobility LLC or its subsidiaries’ warranty obligations are limited to the terms and conditions set forth herein. Subject to the exclusions contained below, Motorola Mobility LLC or its subsidiaries (“Motorola”) warrant this Mobile Phone (“Product”) against defects in materials and workmanship, under normal consumer use, for a period of ONE (1) YEAR from the date of retail purchase by

1. Please access and review the online Customer Support section of Motorola's consumer website prior to requesting warranty service.

2. If the Product is still not functioning properly after making use of this resource, please contact the Warrantor listed at the Motorola website or the contact information for the corresponding location.

3. A representative of Motorola, or of a Motorola Authorized Repair Center, will help determine whether your Product requires service. You may be required to download, or otherwise obtain and accept software updates from Motorola or a Motorola Authorized Repair Center. You are responsible for any applicable carrier service fees incurred while obtaining the required downloads. Complying with the warranty process, repair instructions and accepting such software updates is required in order to receive additional warranty support.

4. If the software update does not fix the problem, you will receive instructions on how to ship the Product to a Motorola Authorized Repair Center or other entity.

5. To obtain warranty service, as permitted by applicable law, you are required to include: (a) a copy of your receipt, bill of sale or other comparable proof of purchase; (b) a written description of the problem; (c) the name of your service provider, if applicable; (d) your address and telephone number. In the event the Product is not covered by the Motorola Limited Warranty, Motorola will inform the consumer of the availability, price and other conditions applicable to the repair of the Product.

To obtain service or other information, please access and review the online Customer Support section of Motorola’s consumer website at [www.motorola.com](http://www.motorola.com).
This Limited Warranty is only available in the country where the Product was purchased. Motorola may provide service outside the country of purchase, to the extent that it is possible and under the terms and conditions of the country of purchase. This Limited Warranty applies only to new Products which are: a) manufactured by or for Motorola as identified by the Motorolas` trademark, trade name, or logo legally affixed to them; b) purchased by consumers from an authorized reseller or distributor of Motorola Products; and c) accompanied by this written Limited Warranty.

What Will Motorola Do?
If a covered defect or damage arises and a valid warranty claim is received within the applicable Warranty Period, Motorola, at its sole option, unless otherwise required by applicable law, will either (1) repair, at no charge, the defect or damage using new, used or reconditioned/refurbished functionally equivalent replacement parts; or (2) exchange the Product with a replacement Product that is new or which has been reconditioned/refurbished or otherwise remanufactured from new or used parts and is functionally equivalent to the original Product; or (3) refund the purchase price of any Products covered by the terms and conditions of this Limited Warranty. Products, parts and supporting documentation provided to Motorola as part of the warranty process, shall become the property of Motorola, and may not be returned. When a replacement or refund is given, the Product for which the replacement or refund is provided must be returned to Motorola and shall become the property of Motorola.

Exclusions (Products and Accessories)
This warranty does not apply to:
1. Consumable parts, such as batteries or protective coatings designed to diminish over time unless failure has occurred due to a defect in materials or workmanship. As with all batteries, the maximum capacity of the battery will decrease with time and use; this is not a defect. Only defective batteries and batteries that leak are covered by this warranty.
2. Cosmetic damage, including but not limited to scratches, dents, cracks or other cosmetic damage.
3. Damage caused by use of products that have been refurbished, reconditioned, or remanufactured, except for products repaired or replaced pursuant to the terms of this Limited Warranty. If damage is outside the scope of warranty coverage, repair services may be available, but all costs associated with such out-of-warranty repair will be your responsibility.

OSS Information
Products that have been altered in any manner so as to prevent Motorola from determining whether such Products are covered under the terms of this Limited Warranty are excluded from coverage. The warranty shall include but not be limited to (i) serial numbers, date tags or other manufacturer coding that has been removed, altered or obliterated, (ii) mismatched or duplicated serial numbers, or (iii) broken seals or other evidence of tampering. Do not open the Product or attempt to repair the Product yourself; such conduct may cause damage that is not covered by this warranty.

Unauthorized Service or Modification.
Defects or damage resulting from service, testing, adjustment, installation, maintenance, alteration, or modification in any way, including but not limited to tampering with or altering the software, by someone other than Motorola, or its authorized service centers, are excluded from coverage. Notwithstanding the foregoing, any Product which has had its bootloader unlocked, or whose operating system has been altered, including any failed attempts to unlock the bootloader or alter such operating system, is not covered by this warranty, regardless of whether such modifications are authorized, approved, or otherwise sanctioned by Motorola.

For a product or parts that have been modified in any manner without the written permission of Motorola, Products that have been altered in any manner so as to prevent Motorola from determining whether such Products are covered under the terms of this Limited Warranty are excluded from coverage. The warranty shall include but not be limited to (i) serial numbers, date tags or other manufacturer coding that has been removed, altered or obliterated, (ii) mismatched or duplicated serial numbers, or (iii) broken seals or other evidence of tampering. Do not open the Product or attempt to repair the Product yourself; such conduct may cause damage that is not covered by this warranty.

Normal wear and tear or otherwise due to the normal aging of the Product.
Defects, damages, or the failure of the Product due to any communication service or network you subscribe to or use with the Products.
1. All software, including operating system software, third-party software, applications, and all other software of any kind. Software distributed by Motorola is provided "AS-IS" and "AS AVAILABLE" "WITH ALL FAULTS" and without a warranty of any kind. The Limited Warranty does not apply to any non-Motorola product or any software, even if packaged or sold with the Motorola hardware, unless otherwise required by applicable local law.
2. Products that have been refurbished, reconditioned, or remanufactured, except for products repaired or replaced pursuant to the terms of this Limited Warranty.

Privacy & Data Security

Normal wear and tear or otherwise due to the normal aging of the Product.
Defects, damages, or the failure of the Product due to any communication service or network you subscribe to or use with the Products.
1. All software, including operating system software, third-party software, applications, and all other software of any kind. Software distributed by Motorola is provided "AS-IS" and "AS AVAILABLE" "WITH ALL FAULTS" and without a warranty of any kind. The Limited Warranty does not apply to any non-Motorola product or any software, even if packaged or sold with the Motorola hardware, unless otherwise required by applicable local law.
2. Products that have been refurbished, reconditioned, or remanufactured, except for products repaired or replaced pursuant to the terms of this Limited Warranty.
What Other Limitations are There?

- TO THE EXTENT PERMITTED BY APPLICABLE LAW, THIS LIMITED WARRANTY AND THE REMEDIES SET FORTH HEREIN ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES AND REMEDIES, WHETHER ORAL OR WRITTEN, STATUTORY, EXPRESS OR IMPLIED, NO ORAL OR WRITTEN REPRESENTATIONS MADE BY MOTOROLA OR ANY SELLER, RESSELLER OR DISTRIBUTOR OF THE PRODUCTS, INCLUDING EMPLOYEES AND AGENTS THEREOF, SHALL CREATE ANY ADDITIONAL WARRANTY OBLIGATIONS, INCREASE THE SCOPE, OR OTHERWISE MODIFY IN ANY MANNER THE TERMS OF THIS LIMITED WARRANTY.

- TO THE EXTENT PERMITTED BY APPLICABLE LAW, MOTOROLA SPECIFICALLY DISCLAIMS ANY AND ALL STATUTORY OR IMPLIED WARRANTIES, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT AND ALL WARRANTIES AGAINST HIDDEN OR LATENT DEFECTS. WHERE SUCH STATUTORY OR IMPLIED WARRANTIES CAN NOT LAWFULLY BE DISCLAIMED, THEN TO THE EXTENT PERMITTED BY LAW, ALL SUCH WARRANTIES SHALL BE LIMITED IN DURATION TO THE DURATION OF THE EXPRESS LIMITED WARRANTY CONTAINED HEREIN AND THE REMEDIES OF REPAIR, REPLACEMENT, OR REFUND AS DETERMINED BY MOTOROLA IN ITS SOLE DISCRETION SHALL BE THE EXCLUSIVE REMEDY OF THE CONSUMER.

- TO THE EXTENT PERMITTED BY APPLICABLE LAW, MOTOROLA DOES NOT WARRANT THAT THE OPERATION OF ANY PRODUCTS OR SOFTWARE COVERED UNDER THIS LIMITED WARRANTY WILL MEET YOUR REQUIREMENTS, WORK IN COMBINATION WITH ANY HARDWARE OR SOFTWARE APPLICATIONS OR THIRD PARTY SERVICES, BE UNINTERRUPTED, ERROR-FREE, OR WITHOUT RISK TO, OR LOSS OF ANY INFORMATION, DATA, SOFTWARE OR APPLICATIONS CONTAINED THEREIN, OR THAT DEFECTS IN THE PRODUCTS OR SOFTWARE WILL BE CORRECTED.

- TO THE EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL MOTOROLA BE LIABLE, WHETHER IN CONTRACT, TORT OR UNDER OTHER LEGAL THEORY (INCLUDING NEGLIGENCE), FOR DAMAGES IN EXCESS OF THE PURCHASE PRICE OF THE PRODUCTS, OR FOR ANY INDIRECT, INCIDENTAL, SPECIAL, OR CONSEQUENTIAL DAMAGES OF ANY KIND, OR LOSS OF REVENUE OR PROFITS, LOSS OF BUSINESS, BUSINESS INTERRUPTION; LOSS OF OPPORTUNITY; LOSS OF GOODWILL; LOSS OF REPUTATION; LOSS OF DAMAGE TO, OR CORRUPTION OF INFORMATION, DATA, SOFTWARE OR APPLICATIONS (INCLUDING ANY COSTS ASSOCIATED WITH RECOVERING, PROGRAMMING, OR REPRODUCING ANY INFORMATION, DATA, SOFTWARE OR APPLICATIONS STORED ON OR USED WITH MOTOROLA PRODUCTS, OR ANY FAILURE TO MAINTAIN THE CONFIDENTIALITY OF ANY INFORMATION OR DATA STORED ON THE PRODUCTS; OR OTHER FINANCIAL LOSS ARISING OUT OF OR IN CONNECTION WITH THE ABILITY OR INABILITY TO USE THE PRODUCTS.

Some states or jurisdictions do not allow the limitation or exclusion of incidental or consequential damages, or the exclusion or limitation on the length of an implied warranty, or the limitation or exclusion of damages for personal injuries caused by negligence, so the above limitations or exclusions may not apply to you. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS THAT VARY FROM STATE OR JURISDICTION.

- DATA BACKUP: ALL INFORMATION, DATA, SOFTWARE OR OTHER APPLICATIONS, INCLUDING BUT NOT LIMITED TO PERSONAL CONTACTS, ADDRESS BOOKS, PICTURES, MUSIC AND GAMES WILL BE ERASED DURING THE REPAIR PROCESS, AND CAN NOT BE REINSTALLED BY MOTOROLA. TO AVOID LOSING SUCH INFORMATION, DATA, SOFTWARE OR OTHER APPLICATIONS PLEASE CREATE A BACK UP BEFORE YOU DELIVER YOUR PRODUCT FOR WARRANTY SERVICE. TO THE EXTENT PERMITTED BY APPLICABLE LAW, THIS LIMITATION OR EXCLUSION OF DAMAGES, OR THE EXCLUSION OR LIMITATION ON THE MEANING OF AN IMPLIED WARRANTY, OR THE LIMITATION OR EXCLUSION OF DAMAGES FOR PERSONAL INJURIES CAUSED BY NEGLIGENCE, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS THAT VARY FROM STATE OR JURISDICTION.

- IMPORTANT FCC INFORMATION: YOU MUST NOT MAKE OR ENABLE ANY CHANGES TO THE PRODUCT THAT WILL IMPACT ITS FCC Grant of Equipment Authorization.
THE FCC GRANT IS BASED ON THE PRODUCT'S EMISSION, MODULATION, AND TRANSMISSION CHARACTERISTICS, INCLUDING: POWER LEVELS, OPERATING FREQUENCIES AND BANDWIDTHS, SAR LEVELS, DUTY CYCLE, TRANSMISSION MODES (E.G., CDMA, GSM), AND INTENDED METHOD OF USING THE PRODUCT (E.G., HOW THE PRODUCT IS HELD OR USED IN PROXIMITY TO THE BODY, A CHANGE TO ANY OF THESE FACTORS WILL INVALIDATE THE FCC GRANT. IT IS ILLEGAL TO OPERATE A TRANSMITTING PRODUCT WITHOUT A VALID GRANT.
